VOL. 6, NO. 28

MAUPIN SOUTHERN WASCO COUNTY, OREGON, FRIDAY, APRIL 23, 1920

THE YEAR \$1.50

## Water Users!

Public meeting called by the Commercial Club of Wapinitia Plains at school house on Saturday, 24th of April at 8 o'clock p. m. to discuss the matter of the pending suit wherein a large number of water users have been named. It is urged that every water user on Wapinitia Plains be present as very important matters will be discussed and determined.

(Signed) N. G. Hedin,  
Project Mgr.

Saturday Barzee Bros. sold the Hazelwood Confectionery to Mr. and Mrs. Anderson of Portland. Under the new management the entire building has been undergoing renovation, improvements and alterations and when all is in readiness a first class restaurant will be opened to all hungry pedestrians.

## Monday, Apr. 26

This is the day designated as clean-up day in Maupin and it is hoped and expected that each and every citizen will be ready, willing and cheerfully do their part of this work which is necessary for our town because we wish to gain the reputation of being the cleanest, neatest and most pleasant village in Eastern Oregon. It will be the duty of every good citizen of Maupin to make an especial effort during the week to give a neat and tidy appearance to their property or the premises they occupy. Monday, however, is the big day. So be ready to help and ready for inspection.

These annual clean-up days have proven a fine thing for other towns and why not for Maupin. The Times especially urges the citizens of this community to turn out and make this the best one in the way of accomplishment along this line.

Merchants will be asked to close up their shops and turn out with their force with rake and brooms or other instruments necessary to do the job. Have your old cans and bottles and other rubbish ready to be hauled away on Monday.

Dirt and disease go together and we want to clean up on them Monday in Maupin.

## Comparison

Millions of Dollars of property damaged, 140 lives lost, 20 towns swept, blizzards, cold, hurricanes, tornados, famine, R. R. tie ups, etc. As we sit by our fire of pineknots comfortably sprawled in an easy chair, we ask WHERE? See our latest newspapers. They will tell you.

This is, perhaps, hard to realize, sitting in a comfortable chair by a warm fire, in a snug place called home, with the smoke rings reaching the ceiling after a hearty meal, that if not paid for is bought on A-1 credit, with more coming when desired.

Why are we kicking? We cannot realize that we, with all the above paraphernalia inside and out, are fairly located and should be enjoying some of this life that God gave us, instead of thinking that we are doomed to hardships.

Maupin with resources somewhat like this, 1919:

Shipped 225000 bushels of good wholesome wheat, and some where in the hundreds of cars of hogs, cattle, sheep and wool.

Besides, cream, eggs, chickens. We must also consider the change that will naturally take place under alfalfa development.

Today with the thermometer standing at 43 above 6 o'clock p. m. Well we shiver, but could it not be worse?

Of course we have rock's wind and sagebrush. Are we always to let these rocks and sagebrush hold us down?

We cannot very well stop the wind, but with a few back-aces perhaps, we can have as beautiful a town, covered with trees and green lawns as anyone, anywhere. We have the natural flow of Adam's ale coming out of the hill at just the right place and we have several advantages to consider. How many can you think of?

Organization is new, but so it was at one time, new in any city any government in fact that you might think of.

There seems to be no good reason why we cannot make at least a good clean country town out of Maupin if we persist. Let's persist in all things right and good for the town and community.

The new organization, Maupin Commercial Club invites all who are interested in the future welfare of Maupin and community to become members of said organization and get behind all movements that will promote the welfare of said community.

The first regular meeting was held in the Maupin school house on the evening of April 17th and many very important subjects were debated and action was taken in several instances.

Greetings were received from both The Dalles and Wapinitia Clubs, which the Maupin Club thoroughly appreciated and feels that much good can be done by co-operation and further organization.

The regular monthly meetings will be on the third Saturday of each month at 7 p. m. until further notice.

Membership dues are one dollar per year.

Any person, firm or corporation is eligible to membership upon acceptance of written application, and payment of dues.

One of the movements discussed at last meeting was clean-up day in Maupin. All are cordially invited to be present on the day set (Monday, April 26th) and participate.

The removal of tin cans and rubbish in general is the object in which all are booked to do their part. The club expects to furnish means of transportation for all rubbish which is put in sacks, boxes or barrels and will

undertake to find a place to dump the same. At least have it where a team or truck can readily load it.

There are many advantages of a commercial club which should not be overlooked.

The present board of directors are: L. S. Stovall, W. H. Staats, H. L. Morris, F. D. Stuart, L. Kelly and W. E. Hunt.

President, L. S. Stovall; vice president, W. H. Staats; secretary, H. L. Morris, treasurer, F. D. Stuart.

Don't forget the next regular meeting night and in the meantime membership can be had by calling on the secretary and complying with the by-laws.

Pres. Lawrence S. Stovall.  
Sec. H. L. Morris.

## Wapinitia Items

Snow continues to fall almost every day with hard freezes nearly every night. Crops are very backward. Garden planting is greatly hindered.

A. L. Daniels assisted by the U. S. Deputy State Marshal was delivering notices to water users that suit will be started against them. No one seems very much alarmed as all are satisfied that it's just a Keep's mess warmed over. N. G. Hedin reports he has sold several thousand dollars worth of water in the past few days. There will be a public meeting at the school house Saturday night.

Sunday was a beautiful day.

A family reunion took place at the home of Rev. J. I. Parker Sunday when four of his sisters and families met there. Those present were Mr. and Mrs. George Magill, Mrs. Leva Blackerby, Mrs. Lizzie Davis and three children and the Flinn tribe. Mr. and Mrs. Fred Magill were also there.

Mrs. V. B. Tapp left Wednesday for her home at Ridgefield.

W. O. Wilsons were visitors at The Dalles Saturday and Sunday.

Mrs. Alice Dodge was looking after business affairs at The Dalles the last of the week.

Mr. and Mrs. Bigbee spent the week end visiting relatives at The Dalles.

H. N. Dodge was a Dalles visitor Saturday.

Dr. Thompson was called from The Dalles last week to see Arlie Gabel who was quite sick. The doctor took her back to town.

Joe O'Brien and family were Durum visitors Sunday.

The song at the church Tuesday

## Base Ball

The ball game Sunday afternoon between the Maupin and Antelope teams brought out the largest congregation of spectators of any game so far this season. The playing on both sides was very good and the game proved to be a closely contested one all the way through, the final score being 10 to 8 in favor of the Maupin team.

The base ball boys were given a banquet at Hot-J Kelly in the evening after the game.

The schedule for future games is Maupin vs. Wasco at Wasco, April 25th; Wasco vs. Maupin at Maupin, May 2nd; Madras vs. Maupin at Maupin, May 9th; Maupin vs. Madras at Madras, May 16th; Maupin vs. Antelope at Antelope, May 23rd. Remember the big game with Wasco at Maupin, May 2nd.

The evening was well attended and everyone seemed to enjoy themselves. Another one will be given in the near future.

Our school is very proud of two new 'Palmer' certificates, Josephine O'Brien having received the 'final' and Jennie Brunner the 'improvement'. Mrs. Bigbee will
