One Millionth of an Inch.
Steel gauges accurate to the incredible fineness of a millionth part of an inch are now being made in quantities at the United States bureau of standards. So extraordinarily precise is the method of manufacture, simple as it is, that in one instance 31 finished gauges out of a lot of 53 were absolutely accurate to .000,001 inches, and the balance all within .000,002 inches of precision, says Popular Mechanics Magazine. The gauges are steel disks.

Bark Root Tonic
Assists Veteran Machinist
Wm. Fugery, Phillips, Or., writes:
Having conducted a general machine shop at Phillips, Or., for the past 20 years, and owing to the fact that I was catering to the farmers in this district, I was compelled to attend to their wants at any time of the day, which resulted at times I missed my regular meals. This I endured for years with no bad results to my health, but had noticed in later years that I was falling in health, probably due to irregular meals and habits.
After taking Bark Root Tonic I noticed a great improvement in my health. I have taken Bark Root Tonic now for one year as directed on bottle and consider it a pleasure to say that I would not be without it. I cannot recommend its use too highly. This testimonial is given of my own accord and same may be published with my full consent.

Thought.
Men fear thought as they fear nothing else on earth—more than ruin, more even than death. Thought is subversive and revolutionary, destructive and terrible; thought is merciless to privilege, established institutions and comfortable habits; thought is anarchic and lawless, indifferent to authority, careless of the well-tried wisdom of the ages. Thought looks into the pit of hell and is not afraid.—Bertrand Russell.

Birds and Their Toes.
Birds cannot open the foot when the leg is bent; that is the reason they do not fall off their perches when asleep. If you watch a hen walking you will notice that it closes its toes as it raises the foot, and opens them when it touches the ground.—Tit-Bits.

Felt Himself a Stranger.
John was anxious to see his new brother, who had just arrived. The nurse finally took him to the bedside and the new brother was crying. John looked bewildered and finally said, "He is crying for his own folks."

Ever Notice It?
A headline runs: "Why Don't Bachelors Marry?" That's so. Why don't they? Come to think, we have never yet seen a bachelor who was married. It's remarkable!—Boston Transcript.

Lift off Corns!
Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.
A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

Use the Fleeting Moments.
If a genius like Gladstone carried through life a book in his pocket, lest an unexpected spare moment slip from his grasp, what should we of common abilities not resort to, to save the precious moments from oblivion?—Exchange.
