VOTE FOR GOOD ROADS

Vote 302 X Yes for 4% State Road Bond Limit

NO PROPERTY TAX
NO DIRECT TAX
NO INCREASE IN AUTO LICENSE FEES
NO INCREASE OF GASOLINE TAX

Present Auto License Fees and Gasoline Tax will pay both principal and interest on all the bonds under this constitutional amendment. Approval of this amendment is necessary to permit early completion of State Highways.

Not Asking More Money

"The State Highway Commission is not asking for more money," said R. A. Booth, commissioner, in addressing a Lane county audience on the 4 per cent road bond limit measure; "all we want is the power to capitalize the income now on hand. The state road funds are now taken from two sources—the one cent tax on each gallon of gasoline and the automobile license fees. The state constitution as it now reads, prohibits more than 2 per cent being put into the roads, and what the commission wants is an amendment of this clause so 4 per cent can be put into the roads. A direct additional tax is not asked for, nor is any increase in the gas tax or auto license fees."

Mr. Booth also brought out that a new road program is not to be rushed through, but the present one is to be finished providing the voters of Oregon back up the 4 per cent limit measure.

Commissioner Simon Benson is also on record against rushing construction too rapidly, considering high labor costs and the high costs of money, but favors ratification of this 4 per cent bonding amendment so there will be authorization to issue bonds at such times as favorable conditions justify. Final control over actual bond authorization rests with the legislature, as unless the legislature passes enabling legislation under the 4 per cent amendment, the highway commission is without authority to issue bonds.
