

THE MAUPIN TIMES

Devoted to the Interests of Southern Wasco County

VOL. 6, NO 35

MAUPIN SOUTHERN WASCO COUNTY, OREGON, FRIDAY, JUNE 11, 1920

THE YEAR \$1.50

Base Ball

The ball game last Sunday between the Tygh-Wamic and Maupin teams was one of the best games witnessed on the local field so far this year. It was a hard struggle for supremacy from the very beginning and the outcome hung in a balance until the tenth inning when the deciding score was made by the Maupin team. Ernest Confer made a sensational run from 3rd base on a safe hit by Billie Miller.

The game next Sunday with Goldendale and the one on the 27th of June with Redmond will be the last two games on the local field this year.

Sheep for Sale

I have 125 Ewes and Lambs for sale and also 75 yearlings. Call or write Gus Balzer, Tygh Valley.

Wapinitia Items

A fine rain fell here Monday and Tuesday; ground is pretty well soaked up; farmers are happy and harrowing summerfallow is the order of the day.

School closed Friday and a splendid program was given Saturday night. Supt. Gronewald presented several matters of importance to the people to consider, one being the consolidation of the rural schools in close territory.

Mr. and Mrs. Bigbee went to The Dalles the first of the week where they will spend some time visiting relatives.

Gas for Maupin

At a conference held June 3rd, in the city of Portland by representatives from the Governor's office, the city and business interests of the city, (the managers of the four gasoline companies being present), it was made plain to all of the shortage of gasoline not only in the state of Oregon, but in the states north, south and east of us.

There was no inclination on the part of any Portland interest to discriminate against the balance of the state and everyone agreed that Portland, together with every town in the state, should receive the regular proportion of gasoline allotted to Oregon. This shortage may continue for eight or ten weeks and it is necessary that every user of gasoline conserve as much as possible during this period of time. Prevention of waste and unnecessary use will assist materially in solving this problem. It is the duty of every citizen to see that the engines of automobiles are not allowed to idle while standing at the curb, as thousands of gallons are wasted every day from this cause.

It is a well known fact that during the Shrine, Rose Festival, Travelers' Protective Association and the Kiwanis Club National Conventions, a large amount of gasoline will be needed in entertainment of the visitors. This entertainment is not confined to Portland only, but many parties will wish to go to different parts of the state and we recommend that every section adopt such

measures as are necessary to conserve gasoline during this emergency for the next few weeks.

For your information will state that the following resolution was adopted, having reference to users of gasoline in the city of Portland.

First that the allotment of gasoline by the oil companies to the out-state for industrial purposes is hereby approved.

Second that the daily gasoline ration for pleasure vehicles be not over 20 per cent of the tank capacity when leaving the station after filling, and that the daily gasoline ration for commercial machines be not over 75 per cent of the tank capacity when leaving the station after filling.

Third that except in case of absolutely necessary use motorists be urged to leave their cars at home.

Commercial cars defined as follows:

1. Automotive transportation of freight and passengers for hire.
2. Hotel busses, taxicabs or sight seeing vehicles, stages.
3. Delivery and food conveyance, when so used.
4. Road construction transportation.
5. Municipal, state, county or school transportation, cars when used in the discharge of public service.

Physicians' cars, ambulances. Many telegrams were read from different sections of the state as well as from adjoining states and we find the conditions are alarming.

industries, trucks, farm tractors and necessary deliveries using gasoline should be shown a preference in all cases and we trust some plan will be put into effect that will bring about the desired result. Every section must adopt regulations that will best serve its own interest and we are writing this letter to make known how seriously Portland considers this question and the action it has taken.

Representatives of the four oil companies stated to the committee that every section of the state would receive its regular allotment and if any gasoline is saved for the convention period in Portland it must be saved by the citizens of Portland from the Portland allotment.

Should you know of any section against which there is a discrimination in the allotment of gasoline, we would be pleased to have you advise some member of this committee.

Please give this information the widest publicity possible.

Committee:
George Quayle, chairman for Oregon State Chamber of Commerce.

W. F. McKenney, for Oregon State Motor Association.

M. O. Wilkkins for Dealers' Motor Car Association.

Marshall N. Dana, for Presidents' Council of Portland's business and Civic Clubs.

The next monthly meeting of Maupin Commercial Club on June 19th. Come, one and all, join us and get behind all measures for our betterment.

Maupin Commercial Club.

Telegram June 9th from Standard Oil Company, The Dalles: L. S. Stovall,

President Maupin Commercial Club—

We are sending you seven barrels of gas tomorrow morning. Any farmer in need of gas for pumping plant can get necessary amount by getting endorsement

from Commercial Club and send containers to Standard Oil Co., The Dalles.

Standard Oil Co.

Oregon State Chamber of Commerce, Portland, June 8, 1920. Maupin Commercial Club:

Your telegram did not reach this office until this afternoon, as same was sent to the Portland Chamber of Commerce rather than to the State Chamber.

Enclosed you should find copy of letter written the Standard Oil Co. today and we hope they will be able to relieve the conditions as they exist in your territory.

We are getting reports from different parts of the state and the situation for the immediate future is alarming; however, we believe the Gasoline companies are doing everything within their power to take care of every section needing gas.

The Gasoline companies give every evidence of honorable and fair treatment to all and we believe they will give you relief and furnish you with the allotted amount at the earliest opportunity.

Yours truly,
George Quayle,
General Secretary.

Mgr. Standard Oil Company, Portland, Ore.

Dear Sir:

We are just in receipt of a telegram from the Maupin Commercial Club as follows:

"Being shorted on gas. Our apportionment is 152 gallons per day, only getting about one-fourth this amount."

From the wording of the telegram, we do not know whether they are being furnished with 25 per cent of the regular normal allotment, or 25 per cent of the allotment to which they are entitled under the restriction.

We are forwarding this telegram to you, hoping that you will be able to furnish this district with the allotment of gas to which they are entitled.

Yours very truly,
George Quayle,
General Secretary.

Announcement of a state wide campaign that will be conducted by the Oregon State Chamber of Commerce, and the part Maupin is to play in the movement was outlined Thursday by James G. Stafford, representing the State Chamber, visited Maupin and met with the directors and a few members of the Maupin Commercial Club, in connection with a survey of the state now in progress that will precede the intensive organization work.

The campaign, its purposes and aims, were discussed at length by Mr. Stafford at this meeting of the local leaders at the school house, and the endorsement of the Commercial Club of the State

A Real Bargain

80 acres in Paquet Gulch. Running water; good garden spot (10 acres); some timber; good pasture. Call 18F84 for particulars.

Chamber's proposed expansion work was given.

F. D. Stuart was selected and accepted the chairmanship of the Maupin Executive committee, which will cooperate with other cities and towns in the state wide movement. Associated with him on the Maupin committee will be J. H. Woodcock, R. B. Bell, H. L. Morris, and L. S. Stovall.

The Oregon State Chamber of Commerce has undertaken plans to play a big part in the future development of the state. Funds will be raised to carry on an extensive program of activities. Among these will be an advertising campaign to set forth the opportunities to be found in Oregon and to encourage land settlement. Administrative departments will be developed to promote irrigation and reclamation; extension of railroads; refund on the federal reclamation fund; extension of highways, both for commercial purposes and through the national forests; cooperation with agricultural, stock raising, and lumbering interests and numerous other projects, the development of which will be of incalculable value to the state.

Mr. Stafford was assured by local leaders with whom he talked that Maupin could be relied upon to do her share with other communities of Oregon. Other representatives of the State Chamber of Commerce will visit Maupin later, and complete the organization work for the state wide movement which it is declared, will benefit every section of Oregon.

Grain Grading School

All wheat growers of this vicinity will be interested in the grain grading school to be held at the Maupin hall June 18 and 19. Both morning and afternoon sessions starting at 10 o'clock and two o'clock. Prof. Hyslop will be in charge. This will be the best opportunity there has been for all to learn things about wheat which will aid in securing a better price for our product. Weak points in the federal grades will be taken up and Prof. Hyslop will show what we must do in order to change the grades so as to be more fair to Oregon wheat growers.

Remember the date, next Friday and Saturday, June 18 and 19. E. R. Jackson, County Agent.
