Walk Around a Ring.

Last Night's Dreams

—What They Mean

DOCTOR CORIAT

says "Everybody dreams and ridiculous it may appear." But with regard to the prophetic quality of dreams he says: "From a strictly scientific standpoint such an interpretation would be very superficial in that it did not take into full cognizance all the complex facts which may produce a dream." For instance it must be proved that the event "foretold" in the future never existed as a wish in either the conscious or unconscious thought of the dreamer. In my experience I have yet failed to find one genuinely prophetic dream.

Yet all the scientists agree that the study of dreams from a scientific standpoint is still in its infancy and one scientist goes so far as to suggest that as our waking thoughts frequently contain the germs of our future actions so our dream thoughts may have in them similar germs.

Dr. Charles Mackay, in his well-known book, "Extraordinary Delusions," scoffs at the belief in the prophetic quality of dreams but remarks: "It has subsisted through all the changes that normal or physical revolutions have operated in the world and the record of five thousand years bears testimony to the universal diffusion of the belief."

The scientists would explain a dream of quarrelling with a friend as the springing to life of some dormant idea regarding that friend lurking in the subconsciousness. Given the whole dream Freud would, doubtless, see it tinged with neurosis.

What say the mystics? They say that to dream of quarrelling with your sweetheart means that you are going to love each other better than ever. To quarrel with a friend means that your friendship is secure and that you will shortly enjoy yourself in his company, though some of the mystics are unkind enough to add that it also means loss of money. If you quarrel with a stranger it is an omen that you will soon make the acquaintance of an undesirable person. Any dream of quarrelling signifies the reconciliation of estrangements and constancy in friendship. So quarrel all you want to in dreamland and keep the peace in the waking world.

Seasonable Dishes.

A change for the always good strawberry shortcake will be found in the following:

Strawberry Dumpling.

Put one pint of flour into a bowl; add to it half a teaspoonful of salt and a teaspoonful of baking powder; rub in carefully a tablespoonful of butter and add sufficient milk to moisten. Knead lightly, and roll out into a sheet about a sixteenth of an inch in thickness. Cut with a large round cutter, put three large berries in the center of each round; fold over the dough, rolling it carefully so that the opening is closed, stand in a greased baking pan, brush the top with milk and bake in a quick oven for 15 minutes. Serve with strawberry butter, made by beating a cream two tablespoonfuls of butter and adding one cupful of powdered sugar gradually. Add one mashed berry, beat well; add another until four good-sized berries are added. Dish and stand aside to harden.

Fruit Cake Baked in Fireless Cooker.

Use any preferred fruit cake; place in round pans or use the shallow cooker kettle. Bake for two hours between two soapstone radiators, heated 20 minutes over an ordinary gas flame. Open the cooker the first 15 minutes to allow the first heat and steam to escape. Fruit cake thus baked has something of the old brick-oven flavor. This method can be used for wedding cakes or for any dough mixture which requires long slow cooking.

To Clean Old Paintings.

Wash the surface of the painting with clean, warm water, using a soft cloth or fine sponge. Let the painting dry and then rub gently with a soft flannel cloth moistened with pure olive oil. The water softens the accumulated smoke, dust and dirt, and the oil removes them.
