## FORTUNES In the Air

There are fortunes in the air for the man who can operate an airplane. Several of our machines have cleared \$1500 recently on 3-day engagements.

Progressive ranchers and business men are finding this quickest mode of travel indispensable in their every-day affairs. Let us show you how inexpensive it is to own and operate a plane.

We are offering 30 airplanes, in first-class condition and ready for immediate use—each one a rebuilt Army machine, soundly constructed for hard usage as well as long-trip comfort—at prices no higher than men pay gladly for good autos.

**Accidental French.**  
An American lady in Paris wanted some water, but could not make the maid understand she wanted it hot. After several vain attempts, she exclaimed in disgust: "Sho!" The maid brightened up suddenly, went off and returned with a pitcher of hot water. It was not until some time afterward that the lady learned from a friend that the girl had evidently mistaken "Sho!" for "chaud," which is the French for "hot."—Boston Transcript.

Direction was changed without abdomen movement.
