### School Notes

Last week the teachers attended institute at The Dalles three days. Institute work was good. There was a good attendance of the teachers of the County. Supt. A. E. Gronewald had a good, efficient corps of instructors. The cross country trip was a pleasure to us. Thanks to Mr. Chastain.

School is progressing fine and interest is above normal. Our first month's report shows an average number of pupils belonging to school of 48.9 an average attendance of 48.1; a percentage of attendance of 98.3 out of a total enrollment of 53. A total of 39 pupils neither absent nor late. 23 from the Primary room; 7 from the Grammar Grade room and 9 from the High School.

We solicit the parents aid in eliminating absence and tardiness.

We invite every citizen of Dist. 84 to unite with us in a rally to place Maupin grade school on the standard list for 1920-1921.

Children from the various rooms will give numbers at the Commercial Club meeting Saturday October 16th. The merits of the State project work will also be presented to the parents so we solicit your attendance.

## Going Down PRICES

WILL FOLLOW THE DOWNWARD TREND just as fast as the market will justify it and we do not expect to wait until our present stock is sold before we reduce prices on goods in stock. Reductions have already been made on many staples. All shoe prices have been reduced 10 per cent, Gingham Outing Flannels and Percales, regular 45 and 50 cent values reduced to 35 cents, Overalls and Khakis reduced 50 cents per pair, and other items will be reduced just as fast as the market shows a decline that will justify it. We desire to protect you at all times. However we ask that you do not expect too radical a reduction at once, as it takes, in the line of cotton goods, for example, four or six months for cheaper cotton to reach the consumer through the regular channels in the manufacture article. We verify this statement by calling your attention to the flour market which still holds high as compared to the present price of wheat.

## Ford Prices Before the War

In 1904-05 and 6 Ford Touring Cars sold for \$2,000.00 F. O. B. Detroit.

The new price is \$440.00 F. O. B. Detroit and the present Ford Cars are the best cars the Ford Motor Company ever made.

Regardless of 146,065 orders on file for immediate delivery and millions of dollars worth of high priced raw material on hand, the new Ford prices were fixed on a pre-war basis in effort to bring the business of the country and the cost of living to normal again.

The war started in 1914. Compare the new Ford prices, now in effect, with the 1914-15 prices.

	New 1920 Ford Prices	1914-1915 Ford Prices
Chassis	\$360.00	\$410.00
Runabout	395.00	440.00
Touring Car	440.00	490.00
Sedan, with starter,	795.00	755.00 without starter
Coupe, with starter,	745.00	750.00 without starter

All the above prices are F. O. B. Detroit

The new Ford prices are a cut to the limit. The new Oregon allotment of 1176 Ford cars per month assures you of reasonably prompt delivery.

You want one---you need one---place your order now and get one.
