I have purchased J. R. Lewis stock of goods and will keep a full line of groceries. Give me a trial, I am here to please the public. Let me figure with you on your winters supplies. It pays to buy in large quantities and I can save you money.

Whystay in the same old rut year after year? Do you know when you have a bill charged you pay for having it charged? Do you know you also pay the other fellows bill; that doesn't pay at all. The credit system could not exist if it wasn't run that way. Why pay the other fellows bill? Will also carry a small supply of fresh meat.

## Boost

(Anon)

Boost your city, boost your friend; Boost the lodge that you attend; Boost the street on which you're dwelling.

Boost the goods that you are selling; Boost the people round about you, They can get along without you, But success will quicker find them if they know that you're behind them.

Boost for every forward movement, Boost for every new improvement; Boost the man for whom you labor, Boost the stranger and the neighbor. Cease to be a chronic knocker, Cease to be a progress flocker, If you'd make your city better, Boost it to the final letter.

Initiative measure number 310 on the ballot to be voted in November will give to Oregon a port equal to any port on the Pacific Coast. You are vitally interested in the passage of this bill. It will not increase your taxes. The cost is borne by the Port of Portland, but all Oregon must vote on the measure. Vote 310 YES on the ballot November 2nd.

As A Citizen of Oregon You Need the Port of Portland.

If you owned a store you could not make a big success unless your business methods were as modern as your competitors! Unless Oregon develops her shipping facilities she cannot expect to get her share of the world's business. It rests with the citizens of this state whether Oregon shall develop her wonderful resources and reach out for bigger markets, or remain practically an inland state.

To become a real port, a 30 foot channel must be dredged in the Columbia and Willamette Rivers from Portland to the Pacific Ocean. This will enable farmers, stockmen and lumbermen in the interior of the state to reach the markets of the world at a lower freight rate and greater profit to themselves.

The taxing and bonding power to make these improvements can be granted the Port of Portland only by the people of the state. You and every other citizen will benefit if you, on November second,

VOTE 310 YES ON THE BALLOT—THE PORT OF PORTLAND COMMISSION CONSOLIDATION BILL.
