Republicans Attention

An effort is being made by certain democratic candidates for district and county offices to mislead the republican voters into supporting them under the guise that they are independents. Neither their cards, letters or other advertising matter they are using states what their political affiliations are and they never mention the fact that they are democrats when talking with republicans.

But they are each registered as members of the democratic party; they were nominated by the democratic party; they will each vote the democratic ticket from Cox down and not one of them would vote for you if you were a candidate for office on the republican ticket and had a democratic opponent.

WASCO COUNTY REPUBLICAN CENTRAL COMMITTEE

CLAUD S. KNIGHT, Chairman

To the Republican Voters of Wasco County

The democratic candidate for State Senator is trying to make capital out of the Hood River county vote of 1918 by quoting:

James H. Hazlett, democrat,	717
John R. Nickelsen, republican,	544

He fails to state the vote for representatives which was

Mrs. Thompson, democrat,	711
Herbert Egbert republican,	440

All these figures show, that the democrats put one over on the republicans. They are trying to pull the same stunt again this year.

Since Mr. Hazlett is so apt in quoting figures he should have set forth the amount of taxes paid by the candidates, which for the year 1919, payable this year was as follows:

James H. Hazlett, total amount of taxes \$3.77	
John R. Nickelsen,	\$388.70

In voting against the gasoline bill asked for by the Standard Oil company Senator Nickelsen has no apology to make.
