- 22—Broke for Clutch Pulley—convenient for quick stops.
- 23—Dustproof Housing for first reduction gears.
- 24—Adjustable Drawbar.

How to Judge Tractors Safely

We urge prospective tractor purchasers to study the construction of Case Kerosene Tractors. And then make comparisons. This is the only way to get the utmost for one's money.

Above we picture and describe the chassis of the new Case 15-27. After studying the mechanical construction, then let this 15-27 demonstrate its performance. We will gladly furnish certified records.

This remarkable tractor has won rank as a leader. Before we announced it publicly, it was known to thousands who had seen it at demonstrations. Hundreds of owners are more than pleased with this tractor. If interested call on us for more details and information.

The Red Cross Remembers.
Ever since demobilization the Red Cross has kept in constant touch with the families of 500,000 soldiers and sailors and marines. This service has embraced almost everything from supplying first aid to seeing a man through to a better job than he ever had before.

When Disaster Comes.
Last year in the United States, the Red Cross aided more than 39,000 victims of food, fire, tornado or other unavoidable disaster in 150 stricken communities.

JUNIOR RED CROSS HELPS
IN COMMUNITY'S WORK

Through the Junior Red Cross the school children of this county have an important part in work of the local Red Cross chapter. Throughout the Northwest school children are taking a keen interest in the activities in which they are engaging as members of this organization. These activities do not interfere in any way with the regular work of the schools, but they do add zest to class room studies.

In Portland, Tacoma, and Spokane the Juniors have financed clinics, where children have been given dental and medical examinations. In numerous counties throughout Idaho, Oregon and Washington they have made provisions for first aid kits in every rural school. Besides other activities, the Juniors of Boise, Idaho, are providing flowers for the Barracks Hospital in that city where many disabled ex-service men are receiving treatment. Poor, crippled children in many towns have received badly needed attention, and the bills have been paid out of funds raised by the Junior Red Cross.

Through the Junior Red Cross thousands of children in Europe have been fed and given medical care, through contributions by members of the Junior Red Cross in this country. The Juniors of the Northwest gathered large quantities of clothing for the "Wild Children of the Urals," who were recently returned to their homes by the American Red Cross after having wandered uncaared for over the wastes of Siberia. And now, through the Junior Red Cross, it is being made possible for children in this country to correspond with children in other lands.

One Month of Red Cross Work.
In an average month this year, the Red Cross aided 425,558 adults and 181,735 children in Europe; people who otherwise would be without even the simple necessities of life.

Protection for Future Years.
Last year 82,050 women and girls, under Red Cross instructions, completed courses in home care of the sick.
