The Story of a Heavy Meal and a Weak Stomach

Thanksgiving was Celebrated	Once more	With the Usual amount	Of Thankfulness	Holiday Spirit	And big Feeds	Which reminds Me	The Cocktails Brought	Memories Of the Past	Pleasant Memories	I'll say	The Combination	Salad was made	Just so it would	Urge you on	The Turkey	Was simply wonderful.	And the Cranberry Sauce	Was fit for	A King	The Celery, too	Gave aid to	Appetite	And helped	Things speed along	To devour	Ye Good Auld	Plum Pudding	With Trimmings	And Hard Sauce			
Then to put	The Climax	On every thing	Concerned	We ate pies	Of every name	Until our Stomachs churned	At three A. M.	The following morn	Just after	Thanksgiving Day	I was gripped	With so much	Pain that my	Reason almost	Went astray	Just then I recalled	Once said	To enjoy perfect	Health	One must keep	Their System right	And take a Dose	OF BARK ROOT TONIC.	On retiring at night	BARK ROOT TONIC.	As advertised	Before	May be had	At any time	At your	Favorite	Drug Store

Hope Deferred.
There is in despair sometimes an energetic force which is quite as available as the stimulus which hope gives, and Alden Holcroft amid the ruins of his fancies was by no means disposed to sit down in a listless acquiescence in the inevitable. He had deluded himself with the notion that he had but to build a nest and the bird would fly to it, when he found his bird was a bird-of-paradise, that made its nest in the clouds, if anywhere.—Horace Scudder.

Thick Coal Bed.
The brown coal beds of Victoria are said to be the thickest in the world. At Morwell 780 feet of coal has been passed through in a bore of 1,010 feet. The four principal areas of occurrence cover approximately 1,200 square miles of an average thickness of 50 feet. The depth of the coal seams below the surface varies from 60 to 500 feet, the average being near to the first figure.—Exchange.

To Measure Molasses.
Grease the measuring cup before measuring molasses or syrup and the ingredients will not stick to the sides of the cup. Thus there will be no waste.

Rather, Profit by Them.
We should not dwell too deeply on the past—full of mistakes, regrets, and might-have-beens. By so doing the mind grows limp and discouraged.—Exchange.

WOMAN'S HEAD is level and her judgment good when she puts her faith in Dr. Pierce's Favorite Prescription. There is no beauty without good health. Many Have Had Spanish Settlers.
Off the coast of Queensland, Australia, are the New Hebrides Islands, which some scientists believe were once occupied by the Spanish, for a little way from St. Philip's bay evidences of such occupation have been dug into from time to time, along with certain other ruins, which from the little examination they have had indicate an even more remote occupancy.

What "Cenotaph" Means.
Several readers have written asking the meaning of "cenotaph." The word is derived from the Greek words "kenos," meaning "empty," and "taphos," meaning "tomb." In other words, a cenotaph is a sepulchral monument erected in honor of a person whose body lies elsewhere.—London Tit-Bits.

Burning Cork Pungent and Spicy.
To remove the odor of burned food and to sweeten the air of a room generally, put a piece of ordinary cork on a hot stove lid or other iron plate and let it smolder and turn black. It will give off a fresh and fragrant odor which will overcome any other odor present.

The Interest in an Etching.
The art of etching has no mechanical attractiveness. If an etching has no meaning it can interest nobody; if its significant lines are accompanied by many insignificant ones, their value is neutralized.—Phillip Gilbert Hamerton.

Cuticura Soothes Baby Rashes.
That itch and burn with hot baths of Cuticura Soap followed by gentle anointments of Cuticura Ointment. Nothing better, purer, sweeter, especially if a little of the fragrant Cuticura Talcum is dusted on at the finish. 25c each everywhere.—Adv.

Chinese Law.
In China if a younger son should commit a crime the older son is likely to be taken into custody and made to pay the penalty for the offense.

Wonderful Wisdom.
"I hear that the authorities took Mrs. de Walle's child away from her." "Fact. They said she had too much money to raise it properly."—Life.

New Ferrule for Crutches.
A new ferrule for crutches, wood on legs, or canes is tipped with rubber and contains a coiled spring inside of tubing so it revolves as well as being resilient.

Giant Grasshoppers.
Grasshoppers in South America are the largest known. In that country they attain to a length of five inches, and their wings spread out ten inches.

Kerosene Lamp Hint.
If your lamps do not burn brightly drop a small piece of camphor into the oil and it will help greatly.

Digger and Filler.
A new trench-digging machine excavates in front of it and fills in behind as it proceeds along its tracks.

Prolific Egg Producer.
An oyster produces 400,000 eggs annually, but of these only 400 or less reach maturity.
