## Stop

Sending your money out of the country to mail-order sharks for the very good reason that every cent that is sent out, every order that is given mail-order or personal solicitation houses comes that much nearer forcing the local stores to a strictly cash basis. The time is near, perhaps nearer than you think when a little accommodation on the part of the storekeeper will tide you over the rough places.

Whereas if the amounts were paid to the merchants on accounts, in many cases owing, it would enable the merchants to "carry on" until such time as products begin to move. Please do not consider this a "wall" from a "broken heart" or anything like that; it is said for your benefit, for if you, for the sake of a few cents saving with concerns that pay no part of the expenses of your country and your town, insist on sending what little available cash there is out of the country, it will surely force us and every one else on a cash basis, which, admitting that it might be a good thing when times are "flush" would certainly work a hardship now. ## School Notes

The Christmas tree held in Shattuck's Hall on Christmas Eve was enjoyed by all. The large tree was beautifully decorated with tinsel, pop corn and other articles. The program was very good and the children deserve special praise in their part. After the program Santa Claus paid the crowd a visit and told of his trouble along the muddy roads. The presents and candy were then distributed.

Vacation is being enjoyed by the pupils and teachers this week. The regular school work will be taken up once more next Monday morning.
