### Smock Items

Happy New Year. How many resolutions have you made?

The snow is coming down (mid-week) pretty lively. Some have said that if the rain that has fallen had been in the form of snow, together with the one foot of snow we have had, it would measure 15 feet.

Leonard Farlow returned Monday to O. A. C. after spending the holidays here with his parents.

School began Tuesday morning with Miss Helen Fletcher as teacher.

Miss Lou Jones and Evan Parrish were married in The Dalles December 25th and went to Oregon City for a week's visit with home folks, before making their home in The Dalles. They are well and favorably known here and their many friends send their best wishes.

There will be a meeting at the church Friday evening, January 14 for the purpose of organizing a Farmers' Union or Grange as may be decided upon at that time. J. F. Blanchard, J. W. Farlow and J. C. Bradway were appointed a committee to get information on the work of the two organizations.

Frank Heady and sister left Wednesday for Seilo Woolley.

Wm., after a visit with their cousins, Ethel and Elsie Ledford. Calie Duncan has been ill with an attack of pneumonia, but is better at this writing.

The mammoth birthday party held at the church on New Year's eve was a decided success. The entertainment was planned and carried out by Mrs. Ed's and Mrs. Edith Farlow. The speeches of big and little alike were well rendered and with music, charades and refreshments the evening passed all too soon. The new year was ushered in by the ringing of the bell and a social time until the wee small hours when we went home, glad to have been there.

### For Sale

I am too old to run a dairy hence I will trade a few young registered and grade Jersey heifers for other stock.

"See what we found in your crankcase oil"

THIS lens shows some of the dirt that can be found in any crankcase after a few weeks of driving—road dust, carbon and fine particles of metal. Such dirt circulates with the lubricating oil through the engine, together with gasoline that escapes past the pistons and dilutes the oil.

Have the dirty, diluted oil in your crankcase drained out—now—before unnecessary wear begins.

We can do that best for you with Modern

Crankcase Cleaning Service—convenient, quick, economical. We use Calol Flushing Oil, the scientific, thorough flushing agent which does not contaminate the fresh oil. We create proper lubrication for your engine by refilling the cleaned crankcase with Zerolene of the correct grade.

Make a regular habit of Modern Crankcase Cleaning Service. It gives better engine performance and longer life to your car.
