FRENCH JUDGES ASK BOOST
 Want Salary at Least as High as Telegraph Operators or Warehouse Watchmen.
 Paris.—Judges of many of the French courts, including some of the higher tribunals, are hinting that they would like to have their pay raised at least to the equivalent of telegraph operators, warehouse watchmen and junior army officers. Their friends point out that the salaries of many of

the magistrates are less than those of even ordinary skilled workmen.
 The newspapers have taken up the campaign in their behalf and are urging that they be granted allowances to enable them to live at least decently. Some of the judges have told publicly that their colleagues without private incomes have to sell their personal property accumulated in better days or do clerical work at home to eke out a living.
 French judges are paid from 500 francs a month, now equivalent to

STATE NEWS IN BRIEF.

Salem.—The A. M. Gellspie Company, Inc., organized under the laws of the state of Washington, has made application to operate in Oregon. The capital stock is \$72,500 and Oregon headquarters will be maintained in Portland.
Eugene.—The Home Science club of this city is arranging to hold a free carnival April 11 to advertise Oregon manufacturers and products. A large room downtown has been engaged, and it is planned to make it a booster day all over the city for Oregon products.

Bend.—Applications for federal farm loans, which have been held up in Deschutes county pending the supreme court decision handed down this week, will easily exceed \$100,000, it is estimated.
Bend.—Ten gallons of confiscated moonshine were poured into the sewer here Friday afternoon by Sheriff Roberts. Approximately 140 gallons of distilled liquor and 1512 gallons of mash have been similarly destroyed this year by the county authorities.

Salem.—The Utah Sales company, organized under the laws of Arizona, has asked permission to operate in Oregon. The corporation is capitalized for \$3,000,000 and W. Y. Masters of Portland, has been named attorney-in-fact. Oregon headquarters will be in Portland.
McMinnville.—The state game and fish commission has consigned 72 Chinese pheasants to M. F. Corrigan of this city. The birds will be liberated on the farms of Mayor Houck, W. B. Duerst and H. W. Jones. Local sportsmen are pleased with the action of the state commission.

Salem.—Letters received at the governor's office during the past few days acknowledge the appointments of I. N. Fleischer and George H. Kelly of Portland, M. A. Lynch of Redmond, Blaine Hallock of Baker and Bert Anderson of Medford as members of the new state game commission.
Salem.—D. W. Davis, governor of Idaho, has telegraphed the executive offices here that the lower house of the Idaho legislature Friday unanimously indorsed the world's exposition to be held in Portland 1925. The telegram added that similar action probably would be taken by the senate.

Klamath Falls.— Wholesale shipments of livestock are having a serious effect upon the local hay market. Usually hay is in demand for winter and spring feeding, but stockmen seem inclined to sell, even at present low prices, rather than add to their expenses by feeding their stock for several months, with possibly no better price then.
Medford.—With the establishment of two construction camps near Jacksonville and Central Point this week, the building of the new Medford district irrigation system is employing about 50 men and about the same number of teams. Other camps will be established as the weather gets settled. The force will be increased until 300 men are employed.

Eugene.—A. H. H. Sanden of Portland Thursday instituted suit in the Lane county circuit court against Lester Stickle of this city, seeking damages in the sum of \$5000 on account of alleged injuries sustained when a car driven by Stickle struck Sanden as the latter was standing at a filling station on Burnside street in Portland some time ago.
Salem.—Members of the Oregon public service commission met in Portland on March 8 to consider applications of the state highway commission for the elimination of 14 grade crossings over the tracks of the Oregon-Washington Railroad & Navigation company between Pendleton and Huntington. The cost of these eliminations will aggregate \$500,000.

Salem.—James A. Shaw, attorney for the Pacific Telephone & Telegraph company, in a letter received at the office of the Oregon public service commission Friday, said that the corporation he represents would comply strictly with the order providing for an increase in rates and would enter upon its expansion and improvement campaign within the next few weeks. The improvement contemplated by the corporation will entail expenditures aggregating more than \$5,000,000.

Salem.—There were two fatalities in Oregon due to industrial accidents in the week ending March 3, according to a report prepared by the state industrial accident commission. The victims were Ben Emerson, switchman, Portland, and George Gardner, lath mill contractor, Portland. Of the 434 accidents reported, 404 were subject to the compensation act, 16 were from firms and corporations that have rejected the law, and 14 were from public utility corporations not subject to benefits under the act.

Evening Star.
 Any planet that rises before midnight is called an "evening star." If it does not rise until after midnight it is a morning star. These terms are never applied to the real stars, which are called "fixed stars," but only to planets which are not stars.

Fatigue and Production.
 Curiously, recent observations have shown that production actually increases with fatigue within certain limits; feverish haste and a dislike of not finishing up are not infrequent even when the work is not congenial.

Born, Wed and Died Together.
 Born together, and married about the same date, the twin daughters of Mr. J. D. Smith of Ramsgate, England, died within a few days of each other. They were thirty-two years of age, and heart trouble was the cause of death in both cases.
