TREES BEAUTIFY OUR ROADS

Enthusiasm Displayed All Over Country in Campaign for "Roads of Remembrance."

Motor travelers all over the country have stimulated a contagious interest in planting trees by the roadsides. The Federation of Women's Clubs, which was one of the first national organizations to assist in this work, has planted many trees along sections of the Lincoln highway, writes Victoria Faber Stevenson in Sinclair's Magazine. Today it is beautifying many roads by planting trees in memory of the men who served in the World War. In fact, enthusiasm for roadside tree planting is evident all over the country in the widespread interest which is taken in "Roads of Remembrance."

Patriotic and civic organizations, women's clubs and boy scouts' units are providing miles of roadway with young oaks and elms. These sturdy trees, which will perpetuate the memory of the men who took up arms for America are also giving the roads beauty and individuality.

Perhaps the most unique work of this character which is reported by the American Forestry association is being done in Georgia around the city of Macon. There the woman's auxiliary of the chamber of commerce is planting a huge cross of trees in honor of the men and women who went to war from their vicinity.

NUT TREES ALONG HIGHWAYS

Michigan is First State to Offer Reward for Beautifying its Improved Roadways.

Michigan is the first state to offer a reward for planting nut trees beside highways. In Europe the profit from roadside nut trees assists in maintaining roads. Roadside nut trees abroad are protected from vandalism by public sentiment, and this is true of the nut orchards in the principal centers of production in this country.

Much Money for Roads. Great Britain is expending \$140,000,000 a year on highways.

Improve by Dragging. Frequent dragging of a dirt road, with the King machine, not only maintains the proper curvature necessary for drainage, but develops a hard, well-packed wearing surface and a firm base, with the result that the road constantly improves instead of deteriorating.

Fines for Overloading. Fines ranging from \$25 to \$100 are imposed on offenders who drive overloaded motortrucks on highways in Pennsylvania.

Trucks as Public Carriers. Motortrucks moved 1,200,000,000 tons of freight in the United States last year. They were second only to the railroads as public carriers.

Woodlot Deserves Care. A woodlot is just as deserving of care and good treatment as is the garden, the orchard or the pet horse.

See Hole in Doughnut. Leaving the farm machinery out in the field all winter helps the farmer to see only the hole in the doughnut.
