CANNING MERGER DECISION IS MADE

\$10,000,000 Corporation Soon to Organize.

BIG AID TO GROWERS

Washington and Oregon Business Men Take Definite Action at Recent Portland Conference.

Portland.—Backed by twenty of the biggest businessmen of Oregon and Washington, a gigantic corporation to handle the business end of the soft fruit and berry industry of the two states was launched in this city Tuesday afternoon.

Articles incorporating the Oregon-Washington Canning & Preserving Company with a capitalization of \$10,000,000 under the laws of the state of Delaware were ordered filed by telegraph in order that the new concern could function in the quickest manner in view of the early approach of the berry season.

Crop experts estimate that the two states this year will produce one of the largest, if not the largest, outputs of berries on record.

The strength of the new corporation is indicated by the personnel of the preliminary conferences, sessions of which were held in both states before the movement for united action to handle the berry crop assumed its present definite shape.

Attending the organization meeting were the following:
 J. C. Alsworth, president United States National bank; S. L. Eddy, vice-president Ladd & Tilton bank; W. A. MacRae, manager Portland branch of the Bank of California; F. P. Kendall, manager of the American Canning company; F. A. Douthy, president of the Multnomah Lumber & Box company; F. C. Stettler, president of the F. C. Stettler Manufacturing company, all of Portland; Alfred C. Schmitt, president of the First National bank, Albany; W. G. Allen, manager of Hunt Brothers Canning company, Salem; W. H. Paulhamus, president of the Puyallup & Sumner Fruit Growers' Canning company; J. W. Spranger, president of the Seattle National bank; H. C. Henry and Gordon C. Corbalay, of Seattle; Henry Rhodes, W. R. Rust, Chester Thorne and G. H. Raleigh of Tacoma; Will L. Finch, New York.

Twenty thousand berry growers in the two states are affected by the movement, which is expected to result in centralization of cannery interests which now do a business with an annual turnover of \$20,000,000 and which is increasing so rapidly that it will reach \$30,000,000 within a few years.

The trend for a closer union of interests is the outcome of extensive investigations conducted by Will L. Finch of New York, who has been in the Northwest since the beginning of the year surveying the berry growing and cannery field. His analysis has shown that the berry industry has been expanding faster than the facilities for efficient handling of the business.

Eight directors from each of the two states will be chosen and these will select the executive and administrative officers of the new corporation.

The stated purpose of the consolidation is to develop and expand the fruit growing and packing industries of the two states as a unit, to stimulate berry growing and the manufacturing and marketing of products of bush and soft fruits of Oregon and Washington with the facilities of existing canneries, thereby reducing the overhead expense and making possible the widest distribution of products through aggressive selling campaigns to bring maximum returns to producers and packers.

Bonus Shortage Feared.
 Olympia, Wash.—The \$11,000,000 bond issue for payment of the soldier bonus may be nearly \$4,000,000 short of the amount required to pay all such claims, according to estimates of the state board of control.

To exceed the original total of \$11,000,000 would require litigation in the supreme court to determine whether the bonus act authorizes issuance of more bonds than the amount specified in the measure, it was said.

Iodine Dangerous Drug.
 Fumes of iodine have recently been urged as a method of administering that drug preferable to the usual tincture. It has been shown by experiments that fumes are absorbed through the skin, and when inhaled are absorbed by the lungs, but it was shown also that inhalation is very dangerous even in small quantities, especially when there is any disease of the respirator passages.

Watch Cuticura Improve Your Skin.
 On rising and retiring gently smear the face with Cuticura Ointment. Wash off Ointment in five minutes with Cuticura Soap and hot water. It is wonderful sometimes what Cuticura will do for poor complexions, dandruff, itching and red rough hands.—Adv.

"Scot Free."
 To get off scot free is to escape without payment of tax. Scot was a tribute or tax levied upon all subjects according to their ability to pay; lot means the allotment or portion allotted to you, so that to pay scot and lot is to pay the ordinary taxes and also the personal tax allotted to you. If you succeed in evading the tax you get off scot free.
