

THE MAUPIN TIMES

Devoted to the Interests of Southern Wasco County

VOL. 7, NO 27

MAUPIN SOUTHERN WASCO COUNTY, OREGON, FRIDAY, APRIL 15 1921

THE YEAR \$1.50

School Notes

The boys are getting along nicely in practice for the track meet. Good records have been made on all lines. Lester Crofoot and Clifford McCorkle have the lead in the spot put. Calvin Potts has been training the smaller boys in relay racing and various jumping stunts. The morale of the school is first class, and we hope to carry off our share of the rewards.

The girls are faithfully practicing for the track meet at Tygh. They have scarcely missed any nights practice except when the weather conditions prevented it. Helen Philmea holds the highest average score in the potato race. The basket ball practice has been held back for some time awaiting repairs for the basket ball. However, repairs have arrived and the girls are putting double time in on it now.

A mixed entertainment will be given at the Odd Fellows Hall, May, 23rd to finish out the payment on the piano. There will be plenty of home made delicacies on hand for those who want them.

Examination is being held in the high school room. Pupils are greatly enjoying them as usual. Reports will appear next week.

Preparations for graduation exercises, Friday evening, May, 27th are practically all completed. Dr. Earl Kilpatrick of the University of Oregon at Eugene will deliver the principal address of the evening. Dr. Kilpatrick is a man of broad experience in educational matters. He is well informed in high school conditions throughout the state. He is interesting as well as an instructive speaker, and will bring to Maupin people and vicinity a message on educational matters, both interesting and instructive. Every body is urged to be present and hear him.

Benefit Program

A befit program will be given at Maupin, Saturday evening, April 23. Proceeds of entertainment will go to make up final payment on piano for high school. The following numbers have been arranged for entertainment:

Song Star Spangled Banner
School
Music High School Orchestra
Japanese Song Primary Grades
Reading Lorraine Stovall
Solo Mrs. J. H. Woodcock
Reading Winifred Kaiser
Solo Mrs. H. F. Bothwell
Reading W. C. Bolton
Song High School Quartet
Reading L. S. Stovall
Song Wilson Quartet
Reading Prof. Winn
Selection Orchestra
Song America School

In addition the ladies are arranging booths to sell cats. The evening will be concluded with a social dance for all who wish to participate.

Vote for Bonds

Wasco county has started one of the greatest constructive propositions possible for it to undertake; the voting of \$800,000 in bonds for the construction of The Dalles-California highway. The state highway commission will back Wasco county in this project in every possible way, but it is up to the people of the county to go ahead and put the bond issue over if they are to realize any of the benefits of state cooperation. This Wasco county's big moment, its opportunity. The people of the county cannot lie down at this time for the world has no use for men who have fish worms for back bones.

So said John B. Yeon, business man, philanthropist and builder of highways, at a banquet and good roads meeting held Saturday night in the Hotel Dalles dining room.

There is a certain class of people in every county which cannot see any road improvements unless the road is built right by their barnyard," explained Yeon. "These people have to be educated. You have to show them how your big main highway will bring back to them in dollars and cents many times over the amount which they pay in taxes for the building of it.

If Wasco county votes \$800,000 for the construction of The Dalles-California highway, all of these bonds will not have to be sold at once. The highway commission will go over its budget and figure out how much money it can allot to Wasco county this year. This sum will probably be about \$150,000, maybe more."

County Judge Adkisson started the audience by declaring that the county people would really be getting \$1.50 worth of road for only 50 cents, if the bond issue is carried. He explained this by saying that out of the entire tax of the county public service corporations paid approximately 25 per cent, and cities another 25 per cent. This would leave 50 per cent of the taxes to be paid by the county people. The entire sum of 100 per cent would be matched by the state. Thus county people would be getting .50 cents worth of road from the cities and public service corporations and \$1 worth of road from the state, or a total of \$1.50 worth of value in actual road constructed in the county for only 50 cents of county money voted.—Chronicle.

The following members were present from this section of the county: J. L. Elwood, B. Shattuck, W. C. Bolton, H. L. Morris, L. C. Henneghan, L. B. Kelly, O. J. Williams, R. E. Wilson, Maupin; N. G. Hedio, J. I. West, B. L. Foreman, Joe Graham, E. A. Hartman, Wapinitia.

Base Ball

The baseball game last Sunday proved to be a little more one-sided than was expected. The visitors were outclassed in every respect. The Dalles Chronicle gives the following account of the game:

In the first baseball game of the season The Dalles diamond artists crossed bats with the Maupin aggregation yesterday afternoon on the Maupin field. After the battle had ended the local players reposed on a 7 to 5 score.

However, the defeat is no indication of the ability of the local ball tossers. The contest was in the nature of a tryout for the local players, 14 men being used in the line-up during the

play. The game from the spectators' point of view was fast; The Dalles made eight hits, whereas Maupin garnered seven. The Dalles registered six errors while the enemy was piling up four.

Hecker for the locals and Nye for Maupin cracked out three-base hits. Collins and Roycroft smashed out two-base hits for the local players. Gardner pitching for The Dalles struck out six and Carlson during his stay in the box fanned one. Morrow, hurling for Maupin struck out nine batters.

The day was cloudy, making the pitchers' shoots effective. A fair sized crowd witnessed the opener of the diamond sport.

The ballgame next Sunday. (to last page)

Buys Wamic Shop

Chas. H. Crofoot Wednesday bought the Wamic blacksmith shop and garage business of William Magill, and has taken possession. Mr. and Mrs. Magill are leaving this section in hopes of improving Mrs. Magill's health. Mr. Crofoot who has been one of Maupin's successful wheat farmers the past several years has sold his interest in the Kelly farm west of Maupin to A. A. Brittain. This is not a new venture for Mr. Crofoot as he several years ago owned and operated a shop at Dufur. Mrs. Crofoot and children will go to Wamic soon.
