Wapinitia

A fine rain fell here Sunday afternoon, wetting the ground up fine. Some places were too wet to plow. Roads were quite bad. Road drags are being used to good advantage.

Several car loads from here attended the picnic at Tygh Valley Saturday. Lincoln Hartman took a truck load of the school children. A splendid time was enjoyed by all. The afternoon program was so full that the ball game between Wapinitia and Tygh teams was omitted, much to the disappointment of the boys.

Base Ball

A large congregation of base ball fans were in Maupin last Sunday to witness the game between Dufur and Maupin. It was an exciting game throughout and with the exception of a little dissatisfaction with the Dufur umpire everything went off smoothly. Had the Dufur boys not gone to pieces in the sixth inning and let in four runs they would have given the home boys a lively chase for the money. The final score was 5 to 2 in favor of Maupin. The home boys go to Antelope next Sunday, April 24, and Sunday, May 1st there will be game at Maupin between Moro and Maupin. Everybody be on hand for this game.

School Notes

The picnic and field meet at Tygh Valley was a great success. Many schools took part in the various events; but many of the contests had to be omitted for lack of time.

Maupin school took the leading part in the literary program. The orchestra gave several numbers that were greatly appreciated by all that were fortunate enough to hear them. Miss Vera Tunison and Miss Lorraine Stovall each gave readings that were greatly enjoyed. The girls quartet was received with great applause. Maupin community has reason to congratulate itself on the promising future of its young people.

In the contests Wamic school was highest in points scored, Maupin school second with 27½ points; Lester Crofoot brought us 10½ of these. Erma Morris, Vera Tunison, Winifred Kaiser and Ida Miller, 5 in a relay race, Winifred Kaiser 5 in a dash, Estel Stovall, Earl Greene, Ira Kidder and Marion Lister 3, in a relay race, Arthur Philmore 3, in a dash, Helen Philmore 1, in a dash.

But the pupils of the school felt greatly the hearty support of the community as shown by the large attendance and lusty applause. Special thanks are due those that furnished transportation to so many of the pupils so freely and unreservedly and also to all those that in any way contributed to the success of the day.

The high school exams are over for this month and those averaging 90 per cent or over are Ida Duncan, Mabel Cyr, Lorraine Stovall, Hazel Williams, Lewis Derthick, Lester Crofoot, Calvin Potts, Jesse Walters and Orland Walters.

The class leaders are: Freshmen Hazel Williams, Sophomores Mabel Cyr, Juniors Lester Crofoot, Seniors Ida Duncan.

The grade rooms expect their exams next week.

Look to Your Paint

Is It Giving You Protection?

IF CHECKED or cracked, new paint is needed, and it will be cheaper to paint now—for deterioration costs more than good paint.

A well painted house brings several hundred dollars more on sale and more in rent. Keep it painted and it stays new for years.

The best paint spreads more easily—saves labor cost. It covers more square yards—you buy more gallons of cheap paint.

The best paint then protects the house, if properly applied, from five to ten years longer.

There is no question as to which costs less. Don't allow surfaces to rot. It costs less to paint them.

The best paints are scientific in formula and preparation.

We've made them for 72 years—to meet weather conditions in the West.

The best materials—PIONEER WHITE LEAD, pure linseed oil, zinc and color—are combined in Fuller Paints in scientifically exact proportions with long-time skill.

Our process super-purifies and "whitens" the lead base. It must be fine enough to pass through a silk screen with 40,000 mesh holes to the square inch. Fine lead means easier spreading and a more elastic, tougher protective coat. The "Whiter" lead base means more beauty in the colors.

Such paint will, if properly applied last from five to ten years longer than cheap paint, and look better through the years.
