## TO THE TAXPAYERS AND VOTERS OF WASCO COUNTY,

That you may have a better understanding of the proposed \$800,000.00 Bond Issue TO BE VOTED ON JUNE 7TH, the carrying of which means a permanent macadamized road through Wasco County, we submit some statistics which we believe will prove of interest and conclusive as far as your influence and your vote is concerned.

These figures are based on the cost to you when the entire \$800,000.00 in Bonds are SOLD.

The 1920 assessed valuation of Wasco County was \$20,162,072.44

The interest on \$800,000.00 at six per cent per annum is 48,000.00

The \$800,000.00 Bond Issue (should the entire issue be sold at once--and it will not be) will cost YOU PER YEAR ONLY \$2.40 for each thousand dollars of assessed valuation.

For each unit of \$100,009.00 of Bonds sold, YOUR taxes will increase per year ONLY 30 cents for every thousand dollars of YOUR assessed valuation.

By voting this Bond Issue The Dalles-California road will be built as a State Highway, which means that it will thereafter be MAINTAINED ENTIRELY by the State.

ALL COUNTY, MARKET, POST and LOCAL ROAD FUNDS may then be spent on other county roads as none of these road funds will be needed in maintaining this main Highway.

If this Bond Issue carries, it means further that the State will put up an equal amount or \$800,000.00, making \$1,600,000.00 to be spent largely here at home for material, labor, etc. We then secure two dollars worth of road for every dollar we spend and the money left in our own county.

In conclusion, you should realize that The Dalles-California Highway WILL BE DIVERTED through Sherman County if this Bond issue fails to carry in Wasco County, and we will pay our proportionate share. Sherman County along with other counties throughout the State will have a STATE HIGHWAY which Wasco County has helped to pay for but receives no direct benefits.

Are you going to allow this opportunity to get away--an opportunity which may never come again--the opportunity of having a trunk highway built and maintained upon our paying only fifty per cent of the building cost?

Shall Wasco County take its place with other counties or shall we remain an isolated section of the State?

IT CANNOT, MUST NOT, WILL NOT fail to carry.

WORK FOR IT --- TALK IT --- VOTE FOR IT

## Maupin Townsite Sale

Maupin Springs rights and equipment, all Pipe, Pumps, etc.,  
reservoir and site for enlarging plus River Powersite and  
Townsite unsold excepting Block 33 and Lots 1, 2, 3 in Block 24.  
Price \$40,000 for a few days. This Special Price is to give the  
Town of Maupin the golden opportunity to own and develop its own  
water system. Development will begin in a short time if we do  
not sell. We are offering this sacrifice price for the reason that  
we feel the town of Maupin should own and develop its own water  
system and secondly because present owners desire to retire from  
active life. However, understand that this low price will not be  
possible after development begins, and the Townsite and Springs  
will be taken off the market, possibly for all time to come.  
Remember this offer is only for a few days and may be withdrawn  
at any time before acceptance as arrangements are being  
completed for immediate development.

If local capital or otherwise is interested at these figures we are  
ready to consider terms. Present income of water system is  
\$1600 annually and is rapidly growing.
