TO THE TAXPAYERS AND VOTERS OF WASCO COUNTY,

That you may have a better understanding of the proposed \$800,000.00 Bond Issue TO BE VOTED ON JUNE 7TH, the carrying of which means a permanent macadamized road through Wasco County, we submit some statistics which we believe will prove of interest and conclusive as far as your influence and your vote is concerned.

These figures are based on the cost to you when the entire \$800,000.00 in Bonds are SOLD.

The 1920 assessed valuation of Wasco County was \$20,162,072.44
The interest on \$800,000.00 at six per cent per annum is 48,000.00

The \$800,000.00 Bond Issue (should the entire issue be sold at once---and it will not be) will cost YOU PER YEAR ONLY \$2.40 for each thousand dollars of assessed valuation.

For each unit of \$100,000.00 of Bonds sold, YOUR taxes will increase per year ONLY 30 cents for every thousand dollars of YOUR assessed valuation.

By voting this Bond Issue The Dalles-California road will be built as a State Highway, which means that it will thereafter be MAINTAINED ENTIRELY by the State.

ALL COUNTY, MARKET, POST and LOCAL ROAD FUNDS may then be spent on other county roads as none of these road funds will be needed in maintaining this main Highway.

If this Bond Issue carries, it means further that the State will put up an equal amount or \$800,000.00, making \$1,600,000.00 to be spent largely here at home for material, labor, etc. We then secure two dollars worth of road for every dollar we spend and the money left in our own county.

In conclusion, you should realize that The Dalles-California Highway WILL BE DIVERTED through Sherman County if this Bond issue fails to carry in Wasco County, and we will pay our proportionate share. Sherman County along with other counties throughout the State will then have a STATE HIGHWAY which Wasco County has helped to pay for but receives no direct benefits.

Are you going to allow this opportunity to get away--an opportunity which may never come again--the opportunity of having a trunk highway built and maintained upon our paying only fifty per cent of the building cost?

Shall Wasco County take its place with other counties or shall we remain an isolated section of the State?

IT CANNOT, MUST NOT, WILL NOT fail to carry.

WORK FOR IT -- TALK IT -- VOTE FOR IT

moved down from Walkerville to
Maupin a few days ago.

Bill Foreman had a very nar-
row escape last Sunday evening
when he attempted to solder his
gasoline tank for his Ford.
He removed the tank and empied
it, washed it out with cold
water. Then brought it on the
porch of the house and when
he held the match near it, to
melt the solder an explosion fol-
lowed which was heard for more
than a mile away. And blew the
tank all to pieces and broke a
window out of the house and put
the lights out. One piece of the
tank stuck him on the leg and
bruised it badly. He suffered
other minor injuries, such as
hair and eyebrows singed.

Need the Dough!

The following was used as a
climber in a letter written by an
over zealous young collector.

"It is rumored that a certain
young society lady of this city
kneads bread with her gloves on.
This incident may be peculiar.
But there are others. We need
bread with our shoes on."
Need bread with our pants on,
and unless we can get in a few
of our outstanding accounts we
will need bread without a thing
on, and this city will be garden
of Eden if collections don't im-
prove very shortly. You can do
much to prevent this.—Ex.
