Home Transformations

That you can make yourself with paint, varnish or enamel

WE have established a service for women and men who want to do small jobs of interior painting, varnishing or refinishing of furniture, floors, bath rooms, walls, and bric-a-brac.

It's a free service. You simply tell us what you have to refinish, how finished now and what effect you want to get.

We tell you how to do it—in detail. What kind of material to use. What kind of brush. What method. Where to buy.

You can work transformations in home things that will surprise you. Old bedsteads, tables, chairs, woodwork, floors, bath tubs, etc. are old really, only on the surface. Paint, varnish or enamel them, and—they're new!

We make a special line of paints, varnishes, etc., for just this kind of home work—Fuller's "Home Service" Paint Products,—for you to use.

They dry perfectly, spread easily and smoothly, and give every desired result. You'll be surprised to learn what you can do—once you've used them.

Our experience with paints and painting practice goes back more than 72 years. We are one of the country's largest manufacturers. Our experts make a study of specifying paints for every kind of use.

Follow Fuller's "Home Service" Specifications, and you'll get the exact effects you're looking for.

Don't think you can't because you haven't done this kind of work before. Let Fuller products and Fuller service show you that you can.

Remember—don't allow surfaces to rot. It costs less to paint them.

Where to Buy
