Holdups Foiled

While K. L. Hauser's car was parked on the roadside near Tygh Valley Sunday a couple chaps in a car from Yakima relieved it of a gun. Mr. Hauser returning to his machine in a short time missed his gun and took chase, overtaking the boys at Tygh and recovered his firearm. Upon being informed that they would be placed under arrest, the young men left their machine and proceeded down Tygh creek, making their escape. It is alleged the machine was stolen at Yakima.

Warning Reversed

State Game Commission, Portland, June 20, 1921.
Mr. Robert Carland,
Maupin, Oregon.

Dear Sir:

Replying to your inquiry of the 18th instant, will say that a woman is not required to obtain an anglers' license to catch the game fish of the State of Oregon with hook and line. A woman does not have to have a license to fish for game fish in the National Forests of the State. The Forest Ranger is mistaken. A woman will have to have a license, however, to hunt deer in order to obtain the tags to put on the deer when she kills it.

We have written the Forest Warden about this as you suggest.

Yours very truly,
State Game Commission,
By F. M. Brown,
Chief Deputy Game Warden.

Now for the Fishing Tackle. It don't pay to bother with bum stuff. We've got the kind that gets the Fish. — Maupin Drug Store.

Mrs. Harry Anderson and children returned home from Portland Thursday afternoon.

Base Ball

The Maupin ball team spent last Saturday and Sunday in Moro, playing a game of ball each day.

For this special occasion the management of Moro had collected a bunch of star players from Portland, Corvallis, Wasco, Condon, Arlington and Grass Valley, in fact, every place except Moro.

Saturday was rainy and a bad day for base ball. Our Maupin boys held the bunch of stars to a 3 to 1 score until the last of the 9th when everybody seemed to go to pieces, letting in 3 runs.

Sunday was an ideal day for ball playing and the Maupin boys went in with the intention of winning the game and won it, shutting out the all star players to the tune of 4 to 0.

The batteries for Saturday were: Maupin—Morrow and Rennick; Moro—Kewpie Clough, Portland pitcher playing for Wasco, and Maderas, Grass Valley.

Sunday; Maupin—Arthur Morris, Oscar Rennick; Moro—Lefty Baldwin, Condon, Maderas, Grass Valley, Wilson, Corvallis.

Next Sunday, June 26th is the last game to be played at Maupin this season, between teams from Antelope and Maupin.

These teams are evenly matched and will surely put up a good game.

Be on hand for next Sunday's game.

Admission 25 and 50 cents.

CASE

THRESHING MACHINES

Case Grain-Saving Threshers

Case steel built threshers with proper attachments which are prepared to furnish will thresh all grains and seeds grown.

CASE threshers are sturdily built of steel, insuring long life. Steel construction also prevents total destruction by fire. Rotting and warping is impossible in a Case steel thresher. Distorted frames and disalignment of shafts and bearings from the pull of main drive belts are avoided by the Case method of construction. Galvanizing prevents rusting.

Add to this the fact that Case threshers insure the cleanest of threshing, thorough separation, perfect cleaning and unequalled saving and you have the reason why more Case threshers were built and sold last season than in any previous year of the history of the J. I. Case Threshing Machine Co.

We suggest you place your order for a Case thresher as early as possible. If you buy a Case you will be satisfied. Come in and let's talk it over.
