Fire, Fish and Game

There is a movement for law enforcement on National Forests Fire, Fish and Game.

After 15 years of education and persuasion 70 percent of our fires are caused by the carelessness of man. This method seems a failure, and now enforcement of the law is to be tried.

Scrape away dirt and inflammable material down to mineral soil before starting a camp fire.

Don't leave a camp fire burning. Extinguish a fire if you find one, and if you can't, notify the nearest ranger at once.

Don't burn brush during the closed season, June 1st to October 1st, without first obtaining a permit and the assistance of a State fire warden.

Don't carry a rifle out of season, or without a hunter's license. Don't fish without a fishing license.

Women must have license. Don't catch more than 30 fish, or more than 20 pounds of fish in one day.

Don't be found with more than two day's catch in your possession. This means business and not a bluff, in forested regions. Be careful and don't become a victim.

Joe A. Graham,
Forest Ranger.

Smock Items
