Wamic News

The big fair is over and everybody is pleased with the success of the event, it being the best fair ever held at the Tygh Valley grounds. The exhibits were better than ever before and the attendance larger. The features of the entertainment pleased the crowd and success attended the whole affair. Everyone is so enthused with the grandeur of the success that steps will be taken immediately to make the next one a better and grander fair. The largest crowd visited this fair since its organization and the gate receipts were better than ever before.

Many persons were camped and enjoyed the outing.

The aeroplane was an added feature and many persons took their first ride in the air. Irma Driver Munier was the first woman to make the flight at the grounds.

The Warm Springs Indians added much to the amusement of the big crowd gathered at the grandstand.
