## After Two Years of Suffering, Four Bottles Restore This Man to Fine Health

Mr. O. L. Parrott,  
 3218 East 4th St. S. E.,  
 Portland, Oregon, Writes:

For two years I had suffered from a severe case of stomach trouble, lumbago and rheumatism. After meals I suffered such pains in the pit of my stomach I could hardly stand it and sometimes got so bad I had to lie down. My strength all left me, I didn't seem to have a particle of energy and I could never get a good night's sleep. I always felt so tired and worn out I could hardly stay up.

I just suffered agony from lumbago when I stooped over and my arms and knees, in fact all of my joints hurt so badly at times I could hardly walk and my arms got so stiff and ached so badly that I could hardly raise my hands to comb my hair.

Well, I kept on reading about BARK ROOT TONIC, how it would assist Nature and build up your system, until I finally decided to try it, and it certainly proved to be a lucky decision for me.

Why it was almost no time after I started taking BARK ROOT TONIC until I was much improved, and after taking my fourth bottle I can say that it has put me in fine health again.

**BARK ROOT TONIC**  
 A Mild Laxative; A System Builder  
 Constipation is the cause of most ailments. If your system is in a weakened condition through constipation, showing that Nature has lost its hold, let a good Tonic such as BARK ROOT TONIC assist Nature and restore your good health.

 Both Schimansky and his wife are

aged fifty-four. They have five children. Two daughters were married, one to a lawyer and one to a physician, and two were theatrical designers earning from \$8,000 to \$10,000 a year apiece, according to the affidavit of Shimansky.  
 "The Bement avenue house was bought against my wishes," he said. "I had seen my children grow up and develop talents I could neither appreciate or understand. My wife craved social advancement and the Bement avenue house was one of the means

**Origin of "Beyond the Pale."**  
 In the time of King John that part of Ireland which was subject to English rule was divided into 12 counties, and the entire district was known as the Pale. From this originated the expression "beyond the pale," meaning outside the law or beyond jurisdiction. Inside the Pale, English law was acknowledged and obeyed, while the land outside was in an almost constant state of uproar and dissension.

 Cannibalism, apparently, has its refinements. In north Australia there are certain cannibal tribes who make a practice of eating their slain friends, but not their enemies—a habit which ought not to conduce to friendliness.

 Somewhere amidst the ruins of Leicester abbey, which the earl of Dyaart has presented to Leicester, lies the dust of the great Cardinal Waisey, but the site of his grave, like that of Moses, is unknown.

 The reasonable man adapts himself to the world; the unreasonable one persists in trying to adapt the world to himself. Therefore, all progress depends on the unreasonable man.—Bernard Shaw.

 When Elizabeth was queen of England she was very partial to fine gloves as presents, giving them to her friends and enjoying it very much when they were given to her.

## STATE NEWS IN BRIEF.

**Salem.**—The Marion county court at a meeting held here Friday authorized Oscar Bowers, sheriff, to employ an additional deputy, who shall have charge of the liquor law enforcement department.

**Marshfield.**—The shingle mills have started operations on Coos bay this week, one on the Buehner Lumber company property at North Bend and the other on the Smith holdings at Bunker Hill.

**Banks.**—The first annual consignment sale of the Washington County Holstein Breeders' association was held here Friday as one of the leading features of the hog and dairy show, now in progress.

**Salem.**—Charles A. Johns, recently appointed from the Oregon supreme court to a post as associate justice of the supreme court of the Philippine islands, married Miss Elizabeth Busch of Portland here at 5 o'clock Friday.

**Prineville.**—Last Wednesday a stock-judging contest was held between Redmond high and Crook County high, with the local high winning the contest, the score standing 85.64 to 90.46. Professor Elliott, state supervisor of vocational education, was the judge.

**Salem.**—The Oregon public service commission has authorized its grain inspection department, with headquarters in Portland, to establish branch hay inspection plants at Stanfield, Umatilla, Boardman, Messner, Peters, Hermiston and Irrigon.

**Tualatin.**—In the Tualatin valley are from 3000 to 4000 acres of beaver dam land. Of this soil about 400 acres centers about Tualatin, and from these, since this autumn has been free from the rains that cause mildew, they are harvesting a wonderful onion crop.

**Dallas.**—The best county fair in the history of Polk county is the verdict of the large crowds that attended that annual event here last week. Friday more than 5000 persons paid admission into the grounds and today's attendance is estimated to be even larger.

**Klamath Falls.**—Work on clearing the right-of-way for the Jenny creek to Hayden creek stretch of the Klamath Falls to Ashland highway is progressing rapidly. Contract for construction of this portion of the road, 18 miles, was recently let to the John Hampshire company.

**Dallas.**—The county court has called a special election to be held in Polk county on November 8 to vote on a special tax levy of \$70,000 for road construction and maintenance in 1922. Without this special levy the court contends that no new roads can be built next year owing to the tax limitation of 6 per cent.

**Klamath Falls.**—Local banks are able to finance handling of crops and purchase of feeder stock for all farmers who can give usual security. This was the expression of representatives of the three banks, at a conference with George Mansfield, president of the state farm bureau, and other representatives of farm interests.

**Eugene.**—For the first time in many months a car shortage on the Southern Pacific line has been felt here. J. O. Holt, manager of the Eugene Fruit Growers' association, said Saturday that it is now difficult to obtain cars on time in which to ship apples and canned goods from the local cannery and the shipments are now four or five cars behind.

**Salem.**—Financial statements received at the offices of Frank Bramwell, state superintendent of banks, disclosing the condition of the 286 banks operating in Oregon at the close of business September 6, 1921, showed an aggregate decline in resources of \$50,161,509.19 since a previous compilation bearing a date of September 8, 1920.

**Gold Hill.**—That Gold Hill is the limestone center of the state is evidenced by the fact that the Little mining town on the Rogue is the banner shipping point on the Southern Pacific railway in Oregon, excepting Portland. These shipments include both incoming and outgoing freight, which is made up mostly of limestone and its finished product.

**Medford.**—The development of a new and valuable prune which may mark a new epoch in the prune industry of Oregon was announced Friday by Professor F. C. Reimer of the Talent experiment station. The new product is a French prune twice as large as the normal French prune, something that prune growers have long been hoping for, and is the result of grafting experiments started by Professor Reimer in 1914.

**THE RIGHT THING AT THE RIGHT TIME**  
 By MARY MARSHALL DUFFEE

**WHEN YOU TELEPHONE.**  
 IN THE business world it is no longer considered good form when you telephone to use the word "Hello"—designated by one of the telephone directors as "an ungraceful and ride little word." Much less then ought it to be used in social telephoning and the telephoning that takes place after business hours and in the home.

"Remember—telephone courtesy begins when the bell rings, says a little booklet recently got out by one of the telephone companies. Now this is something that the young man or woman in business has to remember. He knows, for instance, if he is dealing with possible buyers that he is far more apt to get an order if he does remember it. If he responds to the telephone with a surly, "What do you want?" before he knows who is calling and then, when he realizes that it is a customer, changes the tone of his voice and his mode of speech, he has made a bad beginning, and he is less apt to make a sale than if he opens the conversation with courtesy and cordiality.

Now here are some things that you should remember whether you are using the telephone for business or purely social or personal purposes. If you open the telephone conversation do not ask any one to give his or her name until you announce your own.

If you are calling a certain person in a household and another member of the family whose voice you recognize answers do not ignore that person, saying, "Hello, I want to speak to Mary," but rather something like this: "Good morning, Jane; this is Claire speaking. May I talk to Mary?"

If another person opens the telephone conversation do not make the mistake of prolonging the conversation after she has finished her errand. Especially if an out-of-town wire is being used, be careful not to cause the other person to have to pay double tolls because of your verbosity.
