the white robin seemed to be the flock  
leader.

# STATE NEWS IN-BRIEF.

**Grants Pass.**—Sale of a \$25,000 bond  
issue voted several months ago by the  
Fort Vanney district has been com-  
pleted. Ranchers within the district  
purchased the bonds.

**Salem.**—The corner stone of the new  
Salem hospital, which is being erect-  
ed here at a cost of approximately  
\$100,000, was laid Saturday afternoon  
with appropriate ceremonies.

**Condon.**—For the first time in 18  
months the sheep market is showing  
signs of recovery. In the last two  
weeks several sheep buyers have cov-  
ered the county and every sheepman  
had an opportunity to sell his surplus  
at a fair price.

**Medford.**—The Rogue river apple ex-  
position under the auspices of the local  
chamber of commerce opened here  
Saturday and will continue as many  
months as the apples remain suitable  
for that purpose.

**Medford.**—John A. Westerlund has  
expressed 75 boxes of choice apples  
from the Westerlund orchards to Port-  
land for an exhibit at the Pacific Inter-  
national Livestock exposition. The  
local chamber of commerce joins with  
him in financing the undertaking.

**Dallas.**—Charles Weigant, 5-year-old  
son of Mr. and Mrs. Joseph Weigant of  
this city, fell into an open cesspool on  
the property of the Oregon Growers'  
packing plant, and was scalded to  
death Friday. The pool was the re-  
ceptacle for hot water from the plant.

**Eugene.**—J. B. Hills of Oakridge of-  
fers as a measure to prevent shooting  
of men for deer the placing of warn-  
ing signs throughout the forests sim-  
ilar to the fire warning signs now dis-  
played so prominently. He believes  
that constant warning to make certain  
before pulling the trigger would re-  
duce casualties.

**McMinnville.**—McMinnville Post No.  
21 of the American Legion, has been  
placed in charge of the celebration to  
be held in this city Armistice day. All  
the business houses will close at noon.  
A parade will be staged about 2 P. M.  
and lead to the high school athletic  
field, where Commander Gildea and  
Mayor Houck will make addresses.

**Cottage Grove.**—The budget for city  
expenditures for next year is \$200 less  
than that for this year and, due to an  
increase in assessed valuation, the  
levy in mills will be lower than that  
of several years past. The reduction  
probably will be three mills. A pub-  
lic meeting of taxpayers will be held  
November 25, after which the council  
will fix the levy.

**Cottage Grove.**—Property owners  
along the west side of Row river, be-  
ginning about one mile north of the  
steel bridge, have constructed a dike  
which changes the course of the river,  
eliminates a big bend and turns the  
water down a gravel bar. The purpose  
of turning the channel was to prevent  
the washing away and inundation of  
agricultural land.

**Grants Pass.**—Placer mining on the  
upper Rogue river is being developed  
by a company headed by J. S. Taylor,  
an English engineer and mining opera-  
tor of large experience in the fields  
of Australia and other countries. So  
satisfactory were the results of pros-  
pecting by shafts that equipment has  
now been installed for large-scale test-  
ing by hydraulic methods.

**Hood River.**—Apple growers express  
the view that the market has reached  
the zero point. While no heavy sales  
are being reported, there is some  
movement of Spitzenbergs at \$2 for  
extra fancy, \$1.75 for fancy and \$1.50  
for C grade. A maximum price of  
\$1.75 for extra fancy Newtons is quot-  
ed, but no sales are reported. This  
late keeping variety is going into stor-  
age chiefly.

**Eugene.**—A branch of the Interna-  
tional Association of Lions clubs is  
being organized in Eugene by D. R.  
Conway, an organizer from San Fran-  
cisco, who says that a number of  
representative business and profession-  
al men have signed the charter roll.  
The local body is the first one in this  
state to complete its organization, al-  
though a similar club is being organiz-  
ed in Portland.

**Salem.**—Administration costs of the  
Oregon highway department, when  
compared with figures received here  
from other states, indicated that the  
road program in Oregon is being car-  
ried forward as economically as in  
any other section of the country. For  
the first nine months of the fiscal  
year starting November 1, 1920, the  
total expenditures of the highway de-  
partment were \$11,916,033.11. This  
figure includes administration costs,  
bond interest and money actually paid  
out for improvements. The expense  
of administration in connection with  
these operations were 6.76 per cent.  
Before the end of the year ratio of ad-  
ministration cost, based on the ex-  
penses of the past nine months and  
contemplated curtailments, probably  
will be reduced to 6 per cent.

**BOSCHEE'S SYRUP**  
Alleviates Irritation, Soothes and Heals  
Throat and Lung Inflammation.  
The most constant irritation of a  
cough keeps the delicate mucous mem-  
brane of the throat and lungs in a  
congested condition, which Boschree's  
Syrup gently and quickly soothes and  
heals. For this reason it has been a  
favorite household remedy for colds,  
coughs, bronchitis and especially for  
lung troubles in millions of homes all  
over the world for the last fifty-five  
years, enabling the patient to obtain a  
good night's rest, free from coughing  
with easy expectation in the morn-  
ing. You can buy Boschree's Syrup  
wherever medicines are sold.—Adv.  
**Powerful X-Ray.**  
A French scientist, chief of the bu-  
reau of radiography for the Paris hos-  
pitals has demonstrated that an X-ray  
apparatus can photograph subjects  
through a stone wall more than 25  
feet distant from the source of the  
rays. He has obtained clear photog-  
raphs of metallic objects, the rays  
filtering through a marble plate more  
than an inch thick, 12 inches of oak,  
four inches of plaster and a sheet of  
lead one-eighth of an inch thick.
