The necessity of keeping country

roads in good condition is shown by

a report recently compiled by the

bureau of markets and crop esti-

mates, United States Department of

Agriculture, showing the extent to

which they are used in hauling farm

products to market. According to the

11 products hauled on country roads,

giving the yearly average for the period from 1915 to 1919, there were 27

tons of these 11 crops hauled for ev-

ery 100 acres of land. The average

tonnage of the 11 crops hauled on

country roads each year for the pe-

riod mentioned amounted to 86,560,000

tons. The 11 crops referred to in the

report are corn, wheat, oats, barley,

rye, rice, flaxseed, cotton (including

seed), tobacco, potatoes, and culti-

eport, which shows the tonnage of

of this Letter

Long Beach, Wash.—"I have taken Dr. Pierce's Favorite Prescription off and on since 1910—do not take it all the time but am never without it—and when I feel a little under the weather it is my medicine. I started to take it first for tired feeling and loss of appetite. I received such wonderful results from the first bottle that I never want to be without it, and gladly recommend it to the young as well as the old. Young women in prime of life need all their energies; they may keep away from the blues and that tired feeling by using Dr. Pierce's Favorite Prescription. I think it is the best of all tonics. Women who are getting on in years need a good medicine. The little chronic troubles which they had not noticed in past years are developing into real sickness, and they feel that discouraged and tired condition more than any one else. I beg you, women, to take my advice, get a bottle of Dr. Pierce's Favorite Prescription. You will bless the day you read my letter." Mrs. A. W. Quinn.

You should obtain this famous Prescription now at your nearest drug store in tablets or liquid, or write Dr. Pierce, president Invalids' Hotel in Buffalo, N. Y., for free medical advice.
