## \$10,000,000 FOR NEW FREIGHT CARS

Union Pacific System Will Build Them All With Lumber From Northwest Mills.

The Union Pacific system will expend immediately nearly \$10,000,000 for increased freight car equipment according to announcement yesterday through the local offices. This is among the first announcements of railway expenditures that is of importance to the Pacific northwest.

The contracts which require the expenditure of the money call for the building of 4500 new freight cars for delivery the first six months of this year. The contracts require the use of lumber from this territory to enter into the construction of the cars. Several million feet of fir lumber will be used in building the cars. The railway officials have specified that the car builders who will erect them in the east obtain this lumber from mills on the Union Pacific line in this section.

Of the 4500 cars, 2000 will be double-headers 40-foot, 80-ton box cars; 1500 will be special double-headers 40-foot, 50-ton automobile cars for general service, including movement of grain in bulk, and 1000 are to be steel 40-foot, 50-ton automobile cars suitable also for general freight service.

The building of the special cars for the carrying of bulk grain will be of great benefit to the grain shippers of this section. These cars will be tight and moisture proof. It is planned to keep them in service for shuttle service back and forth from grain-loading stations to railroad terminal and ship ping points at the time of year when grain is moving to its greatest bulk.

### Looking Back.

Look back and count things over. Then look ahead and smile—The heaviest fields of clover Are in the afterwhile!

Look back and calmly ponder. Then look ahead and sing—The hopes are far off yonder—Tomorrow makes the king!

Look back and keep the tally. Then look ahead and cheer—The trumpets of the rally Sound over ages clear!

Look back and then remember The world begins today. And that the gray December Leads life to gates of May!

Look back, but never sadly; Ahead, and always sweet—The best days burn so gladly. The world is yet to meet!

Look back, but not in sorrow. Ahead, and not in fear—Life builds on dreams tomorrow. The best is not yet here!

### Kindly Remarks

If they keep up the crusade to make everything cash it will soon be impossible to even get your battery charged.

Remember, every dollar you send to a mail order house from Maupin robs your town of 100 cents worth of prosperity.

You can't keep a good man down, but in these strenuous times his creditors can keep him bustling like the dickens.

Clergymen and newspapers are continually protesting against short skirts, but the girls think they have two perfectly good reasons for wearing them.

In the old days when a man took two sidewalks in wabbling hope the people used to pity him. Now they wonder where he got it.
