VOL. 8, NO. 20

MAUPIN, SOUTHERN WASCO COUNTY, OREGON, THURSDAY, FEBRUARY 23, 1922

THE YEAR \$1.50

Substantial Development

Just here we want to say a few kind words about our home town. There has been, in the columns of this paper more or less discussion as to what has been and what not has been accomplished by the citizens of the town of Maupin.

September 10th, as we all know was a day of disaster, a day that comes alike to all "shack-built" towns sooner or later, but "From the Ashes of the Past rises the Triumph of the Present", and we, the citizens of Maupin, are working to make this so, not only in the line of actual reconstruction but also a reconstruction of service and community and co-operative interest.

The recent movement on foot to incorporate the town is well under way and is favored by all interested. This will provide a city council endowed with certain authority in the matter of civic improvements of various kinds and will serve to knit the loose ends of community interest into a body capable of "putting over" the things which each of us individually realize the urgent need of, but of which in the past we have been powerless to perform. The subject of incorporating will come up in the near future as a voting issue and we have no doubt but what it will carry unanimously.

Again we point with a certain amount of pride to Maupin's quick recovery from her disastrous fire. Within a day almost, costumed needs were being served and had it not been for the unfortunate tie-up in regard to location the town would have been rebuilt within at the most 60 days. February 1st finds most of the burned part of the town rebuilt in concrete and steel and with three good stores instead of the former two. F. C.

Butler, formerly with Shattuck Bros. has branched out for himself in the grocery and meat line "Things to Eat" and is located in his new concrete structure on Deschutes St. Cold storage, so successfully handle perishables in the summer heat will be one of his special features. The R. E. Wilson Company have located opposite the Tum-A-Lum corner with a complete general merchandise and implement line as before. Shattuck Bros. have rebuilt on their former location, a 60 by 90 Concrete all-plate front building and within a few months promise us one of the finest equipped stores in Wasco County. And anyone with half an eye could see that H. R. Kaiser has made some strides himself in the way of a better shop than formerly. A movement is on foot to locate the Postoffice in the unoccupied part of his building and this would make an ideal location for it.

Other new business buildings are planning for Spring work just what they will be or where located is not decided at present but the Maupin State Bank will undoubtedly put up a modern fire proof building just as soon as the weather permits. Any number of dwellings are contemplated, and Mr. Renick of the Tum-A-Lum Co. says prospects for a busy spring were never better.

Do not lose sight of the fact that the Dalles-California is routed and surveyed through Maupin and that the Deschutes river is claimed by experts to be the greatest fishing stream in the United States today; "Home of the Giant Redside"; with the new hatchery now under actual construction at last it means that the Deschutes Redside will continue to be plentiful as well as famous, and it is going to be

pretty hard for an ardent angler their name is legion, to pass up our town. One of the first measures that will undoubtedly come before the Council if the town is incorporated is the important item of providing a suitable camping place for these visitors.

It is not to be overlooked too, that the Deschutes is one of the greatest power streams in the Northwest and we look with interest to the development of at least a small part of this for local use in lighting the town. In closing let it be said again that it is the desire of the citizens of Maupin to make our town an open invitation to our neighbors on the Flat and across the river; we want and desire your goodwill and support; the business men desire that you make their places your own to serve your needs both in a social and business way and you will find them willing to figure with you and furnish you what information they may be able to impart on things of interest to you; in other words and to make a long story short—COOPERATE.

Around Maupin

Raymond Crabtree received a fine Duroc Jersey hog from Portland yesterday. The animal was a prize winner at the state fair.

Dr. Elwood was a Dalles visitor the first of the week.

Laco DeCamp was dragging the road scraper over Deschutes avenue Monday.

Everbearing strawberry plants \$1.00 per hundred.—A. A. Bonney.

H. F. Woodcock and A. Crabtree went to The Dalles yesterday.

Mr. and Mrs. A. Locke were in from Nena Wednesday.

Wanted at once—a few more hogs or cattle to make up car load to ship March 11.—Albert Hill, Wamic.

The Oak Grove school will give an entertainment and box social Saturday, 8 p. m., Mar. 4.

February 22 being the 32nd wedding anniversary of Mr. and Mrs. R. W. McCorkle, their sons and their families and Miss Lillian Lusk took Turkey dinner with them at Maupin.

There was a dance given at Harry Anderson's place Saturday night, quite a crowd gathered and a good time was enjoyed by all.

A new collection of books have been received by Mrs. Donaldson among them some very attractive and interesting volumes.

Buy your wife today a Maytag Multi-motor washer and cut the drudgery out of wash-day. Busy times ahead, she will have enough to do without the extra work of wash-day. Terms if desired. New aluminum model now on sale.—Shattuck Bros., Maupin, Oregon.

Hard Federation wheat took the first premium both at Pendleton and Portland as the very best wheat. To distribute the seed of this wheat I will give one sack of Hard Federation wheat for two sacks of other.—A. A. Bonney.

Smock News
