**PIPE REPAIRING**  
 Repaired by experts. Pipe Shop, 274 Wash.

**To Make Parchment Paper.**

Paper can be made to look like parchment by the following simple process. To three or four parts of water add one part of sulphuric acid—add the acid to the water, never pour water into acid; immerse the paper for a few seconds in this solution, and then wash it in weak ammonia.

**J. E. Cox.**

**Three Score Years and Then—**  
 He Found a Tonic That Keeps Him Up  
 Portland, Ore.—"I am a man over seventy years of age and work every day; am hale and hearty and can truthfully say that Dr. Pierce's remedies have proven a wonderful help to me. I take a bottle of the Discovery now and then for its toning up and tonic effect. I also tried various remedies for constipation and after finding the 'Discovery' so good, I thought I would also try the Pleasant Pellets and am glad to say that now I am enjoying excellent health."—J. E. Cox, 1278 Belmont Street.

Keep yourself in the pink of condition by obtaining Dr. Pierce's Golden Medical Discovery in liquid or tablets from your neighborhood druggist, or send 10c to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for trial pkg.

**Dogs Trained to Hunt Truffles.**  
 The truffle is an edible fungus growth found in certain parts of Europe, growing a few inches underground, and is considered a delicacy for the table. Dogs are often trained to find them. They learn to detect the presence of the truffle under the surface of the soil by a faint odor given out by the truffle. The dog, when over the spot, stops and pats the ground with his paw. Then the man digs up the truffle.

**Tongue of the Frog.**  
 The tongue of the frog is fixed to the floor of its mouth, near the lip; when not in use, the tongue lies back, pointing down the throat. The frog is very adept in the use of his tongue.

**A Bit of Advice.**  
 "Things ripen quickly in a heated atmosphere" says a household writer. That's so—even love. Give your girl plenty of hot air.—Boston Transcript.

**WOMAN TOO WEAK TO WALK**  
 Now Works Nine Hours a Day.—  
 Lydia E. Pinkham's Vegetable Compound Restored Her Strength

Union Village, Vt.—"I was weak and nervous and all run-down. I could not walk across the floor without resting and I had been that way for weeks. I saw your advertisement in the paper and after taking one bottle of Lydia E. Pinkham's Vegetable Compound I felt the good it was doing me and I took seven more in all. Before I finished I was able to work nine hours a day in a steam laundry. I cannot say too much in favor of your medicine. I trust all sick and suffering women will take it. It has been two years since I took it and I am strong and well."—Mrs. L. A. GUIMANN, Union Village, Vermont.

This is only one of such letters we are continually publishing showing what Lydia E. Pinkham has done for women, and whether you work or not Mrs. Guimann's letter should interest you.  
 Many women get into a weak, nervous run down condition because of ailments they often have. Such women should take Lydia E. Pinkham's Vegetable Compound at the first sign of trouble. Good health is necessary and this splendid medicine will help you to keep it.

**STATE NEWS IN BRIEF.**

Salem.—Salem voters, at a special election in May, will pass upon the question of authorizing bonds in the amount of \$25,000 for sewer construction.  
 Albany.—An active war on Canadian thistles in Linn county this year is planned by the Linn county farm bureau. An anti-thistle campaign is organized in all communities of the county.  
 Roseburg.—Stockmen of the Tiller vicinity have lost heavily by the cold weather of last January, according to Forest Supervisor Ramsdell, who has been making a survey of the grazing situation at Tiller.  
 Salem.—The grain inspection department of the Oregon and Washington public service commission have arranged a series of hearings in the two states to consider proposed changes in the grading of the several varieties of wheat.  
 Salem.—Although actual distribution of cash bonus checks to ex-service men in Oregon started less than two weeks ago, something more than \$1,000,000 already has been sent out, according to a report prepared here Saturday by Sam A. Kozar, secretary of state.  
 Haines.—Livestock offered for sale at public auction in several recent sales held on local ranches is finding ready buyers at prices ranging considerably higher than for some time past. At a sale held by George Davidson, grade dairy cows brought prices ranging from \$55 to \$117.  
 Woodburn.—At a meeting of the North Marion Berry Growers' association, the association was disbanded owing to the fact that it has been merged into the Woodburn Fruit Growers' Co-operative association, which now has about 77 members representing 415 acres of berries. It is incorporated as a non-capital selling organization.  
 Hood River.—Cold, frosty nights still prevail in the mid-Columbia river district. Orchardists from all parts of the Hood River valley declare that they have never seen a more backward spring. Dee Flat growers report that a foot of snow still covers the ground around their ranches, and the snow covering in the upper valley is even deeper.  
 Salem.—The state banking board, at a meeting here Friday, approved the appointment of E. M. Watson, employed in the First National Bank at Eugene; Glen V. Wimberly, cashier of the American National Bank of Klamath Falls, and Guy N. Hickok, in charge of the liquidation bureau of the state banking department as state bank examiners.  
 Astoria.—"Guilty as charged" was the verdict returned Friday afternoon by the justice court jury in the case against Ward E. Edwards of the Nehalem valley, accused of having deer meat in his possession during the closed season, and a fine of \$300 was imposed. Notice of appeal to the circuit court was given and the defendant's bonds were fixed at \$500.  
 Salem.—Taxes have been paid to the county at the rate of approximately \$7000 a day, according to Oscar Bower, sheriff and tax collector. Although hard times have been preached throughout the land, the tax receipts thus far this year were said to be slightly above normal. This would indicate, officials said, that money is not as scarce as some people have contended.  
 Marshfield.—It was said Saturday that the Oregon Export company, a lumber concern embarrassed here by attachments a few days ago, will probably resume Monday. An invoice of lumber on the export company dock disclosed there was a net \$40,000 worth. The creditors here have about \$25,000 against the company and it is proposed to appoint a trustee to sell the lumber and liquidate the claims.  
 Bend.—A new industry for Bend, which will mean a saving for Deschutes county farmers of approximately \$2000 this year in the price of sulphur, has been started at the suggestion and under the direction of County Agriculturist Jamison. Machinery has been installed for the milling of lump sulphur, making it unnecessary for farmers to purchase the rolled product at outside points.  
 St. Helens.—The breeders of short-horn cattle held a meeting Thursday and formed the Shorthorn Breeders' association. G. L. Tarbell of Yankton was elected president, H. R. Dibble of Rainier, vice-president, and Ralph Tarbell of Warren, secretary-treasurer. It was decided to hold a sale of short-horn cattle in St. Helens June 1, and also to form a boys' and girls' calf club. The county fair was endorsed and the breeders promised to have cattle exhibits at the fair.

# WRIGLEY'S

## AFTER EVERY MEAL

Select your food wisely, chew it well, and—use WRIGLEY'S after every meal. Your stomach will thank you. It is both a benefit and a treat—good, and good for you. And, best of all, the cost is small.

**TRY THIS NEW ONE**

Sugar jacket "melts in your mouth" and gum center remains to give you all the usual Wrigley's benefits.

Wrigley's Spearmint, Wrigley's Juicy Fruit, Wrigley's Doublemint.

**Source of Mosquito's Humming.**  
 There is an apparatus for a long time overlooked or neglected by the investigators, at the base of the mosquito's wings, whereby the characteristic humming of that insect may be produced. The species examined is the anopheles maculipennis and the apparatus consists of a slightly movable bar provided with a series of well-marked teeth, which, as the wings are raised and lowered, rasp across a series of ridges.—Brooklyn Eagle.

**Remarkable Tree.**  
 The Kentucky coffee tree is one of the most remarkable of our American forest trees, says the American Forestry Magazine. It may grow to be fully 100 feet in height; and, although it is to be found over a good part of eastern United States, it is one of the very rarest of our forest trees.

**Telling Age of Trees.**  
 Trees often live to a great age, and while they are standing it is a difficult matter to arrive at their age, but when they have been cut down, it is said, the age may be reckoned by counting the number of rings visible in the section.—Indianapolis News.

**Vertebrae in the Neck.**  
 All mammals have the same number of vertebrae in their necks—seven. These seem adequate enough for a man or a mouse or a tiger, but very few for a giraffe. Yet there they are—count them—seven!

**Freshen a Heavy Skin**  
 With the antiseptic, fascinating Cuticura Talcum Powder, an exquisitely scented, economical face, skin, baby and dusting powder and perfume. Renders other perfumes superfluous. One of the Cuticura Toilet Trio (Soap, Ointment, Talcum).—Adv.

**Files Breed in Old Brooms.**  
 During an anti-fly campaign on the Canal zone the breeding source of flies in a Balboa restaurant was found to be in the inner parts of 12 old grease-soaked corn brooms used to sweep the floors.

**One Good Thing About Movies.**  
 Jud Tunkins says he likes motion pictures because the girls can talk about them without getting into arguments about whether to say "drahma" or "drawma."

**Must Be Peculiar Feeling.**  
 Sympathetic Friend—Banged your finger? Dear me, that's dreadful. I always think that hurting one's finger sets one's teeth on edge all down one's back.

**Between 1828 and 1845 Russia used platinum coinage.**

**Red Cross BALL BLUE**  
 used for baby's clothes, will keep them sweet and snowy-white until worn out. Try it and see for yourself. At grocers

**Little Real Graham Flour.**  
 Graham flour derives its name from Sylvester Graham, a Connecticut clergyman, who advocated the use of unbolted wheat flour as more conducive to health than white flour. His contentions have been fully borne out by recent discoveries in regard to vitamins. Much of the so-called Graham flour sold now is, however, merely white flour mixed with a little bran, or flour so coarsely ground as to be unpalatable.

**Sleep Before Evening.**  
 Not to discriminate every moment some passionate attitude in those about us, and in the very brilliancy of their gifts the tragic dividing of forces on their ways, is, on this short day of frost and sun, to sleep before evening.—Walter Pater, in The Renaissance.

**Wonders Seen by the Naked Eye.**  
 The eye, without aid of the telescope, can locate stars and comets that are brighter than what the astronomer calls 6 1/2 magnitude. Each magnitude is two and a half times as bright as the next lower one.

**Cheerful Algeria.**  
 Algerian women, when married, are permitted to leave their homes but once a week and then only to visit the cemetery.

**Engines Use Third of Mined Coal.**  
 About one-third of all the coal mined in the United States is required to keep the country's 65,000 locomotives going.

**Skin Troubles Soothed With Cuticura**  
 Soap, Ointment, Talcum, the ever-ready, handy trio of Cuticura Laboratory, Topi E. Holden, Mass.

**MURINE Rests, Refreshes, Soothes, Heals—Keep your Eyes Strong and Healthy. If they Tired, Smart, Itch, Burn, if Sore, Irritated, Inflamed or Granulated, use Murine often. Safe for Infant or Adult. At All Druggists. Write for Free Eye Book. Murine Eye Remedy Company, Chicago, U. S. A.**

**Are You Satisfied? BEHNKE-WALKER BUSINESS COLLEGE**  
 is the biggest, most perfectly equipped Business Training School in the Northwest. Fit yourself for a higher position with more money. Permanent positions assured our graduates.  
 Write for catalog—Fourth and Yamhill, Portland.
