Maupin, Ore.

### Cattle Feeder's Meeting

The Cattle Feeders' day which will be held at the Union Branch Experiment Station, April 13 and 14 promises to be largely attended from all sections of Eastern Oregon. The work that has been accomplished by this station during the past six years along the line of trying out the most practical feeds to use in stock raising should be carefully studied by every livestock feeder in the State. They tell a lot of things that we have wanted to know for a long time. See for yourself what the cattle look like at the time of this meeting. The gains and the feeds used will startle you. Come and stay both days. This is one of the best demonstrations in the West and all stockmen should see it. April 13 and 14 at Union Ore.

### To Grand Lodge

The local Rebekah Lodge took in two new members at their meeting last night.

They also elected delegates to the state convention to be held at Eugene in May. Mrs. Lora Doty and Mrs. Lydia Fraley were elected to go. A short program followed by games and refreshments completed the evening.

### Breezy Remarks

A barber who hauled from Perdue Would continually urge a shampoo; He talked so of dandruff That the townfolk got damruff And made this poor barber skid-doo.

A good many women have said, "Oh, this is so sudden," when what they thought was, "Well, it's about time."

"You should stand by your grocer," argued the Business Booster.

"I always do when he is weighing my purchases," replied Mrs. Housekeeper.

Bob Wilson says a doctor often tells his patients to go to a warmer climate—when they are slow in paying their bills.

### Around Maupin

Many took advantage of the opportunity to pay their taxes at the Maupin State Bank, the last few days.

Messers Farlow were over from Smock the fore part of the week hauling hay.

Double Mesh Quaker Maid Hair nets 2 for 25 cts. Maupin Drug Store.

Mrs. R. A. Driver of Wamic is visiting her niece Miss Edna Driver of The Driver.

The local Drug Store is receiving a coat of paint.

W. E. Wilson has sufficiently recovered from his recent illness to return to his home in Portland. R. E. Wilson accompanied him.

Subscribers please note the date of expiration of subscription opposite your name on your paper. Have you "paid up" yet?

Mrs. J. P. Abbott made a trip to The Dalles Friday returning Saturday.

Allan Canfield has been released from The Dalles hospital where he has been for almost a year.

Buy your wife today a Maytag Multi-motor washer and cut the drudgery out of wash-day. Busy times ahead, she will have enough to do without the extra work of wash-day. Terms if desired. New aluminum model now on sale.—Shattuck Bros., Maupin, Oregon.

A 7½ lb daughter arrived at the home of Mr. and Mrs. Howard Nye Tuesday morning.

Mr. and Mrs. E. M. Driver of Wamic are visitors in Maupin today.

## BIG IMPROVEMENTS BY THE RAILROADS

May Be Regarded as Encouraging Signs of Returning Prosperity.

The disbursement of fifteen million dollars, most of which will be paid out in Oregon and Washington during 1922, is one of the encouraging signs of returning prosperity. The Union Pacific System is to add largely to its equipment, to relay portions of its track with rails of greater weight, to ballast anew its roadbed, to replace wooden bridges with structures of steel, and construct a steel bridge across the Columbia River between Walla Walla and Kennewick, this one project to cost \$1,500,000.

An order for 4,300 new freight cars to cost \$10,000,000 and for 2,500 refrigerator cars at a cost of \$8,750,000 was made public several weeks ago. The refrigerator cars are for the Pacific Fruit Express, one-half of which is owned by the U. P. System.

General Manager O'Brien of the Oregon-Washington Railroad & Navigation Company (Western unit of the Union Pacific System) has just announced the setting aside of \$5,000,000 for improvements and additions on this unit of the System during 1922.

Most of these millions will be expended in Oregon and Washington. The forest and the saw mills will supply all of the lumber which will be used in car construction and the army of railroad workers will be enlarged until it will be of sufficient magnitude to complete the work. The money paid for material and labor will be put into general circulation. Service will be increased, labor in demand and business conditions improved by the millions to be spent by the great trans-continental railroad.

## Coming!

Maupin, Thursday, April 6  
**Madam X**

A real picture story of a neglected wife of a French gentleman who becomes a woman of the underworld, and is saved by her son, grown to manhood, and saves her without knowing it was his mother.

## The Danger Point

in trying to save on painting

Repairs Cost More Than Paint

WHEN the paint on your property begins to check and crack, it is time to paint again. Unless your house is protected by a smooth, elastic film of durable paint, decay will set in and rapidly depreciate it.

Decay is expensive and wasteful. Price lumber alone, to get an idea of what it will cost to repair or rebuild. Paint saves this cost.

The best paint is the most economical in the long run. It spreads easily—saves labor cost. It covers a larger area per gallon than "cheap" paint.

But most important, the best paint serves five or more years longer than "cheap" paint.

We have been making the best paints for 73 years. They are scientific in formula and preparation. They

meet the weather conditions in the West.

They contain the finest materials—PIONEER WHITE LEAD, pure linseed oil, pure zinc and pure colors—combined scientifically in exact proportions. They are the best paints we know.

### Free Advice on Painting

Ask our agent for advice, color cards, etc.

Ask the Fuller Specification Department about the most desirable color schemes, color harmonies and any other details.

Makers of Rubber Cement Floor Paint, All-Purpose Varnishes, Silkenwhite Enamel, Fifteen-in-Floors Varnish, Washable Wall Finish, Auto Enamel, Pan and Roof Paint, Porch and Step Paint, and PIONEER WHITE LEAD.
