loss in view of difficulties in renting offices on the five higher floors. Despite these difficulties the promoters have secured permission to erect the structure, "provided the building does not destroy the architectural symmetry" of the streets.

**BOY SCOUTS**  
 (Conducted by National Council of the Boy Scouts of America.)  
**MOST POPULAR SCOUT BADGES**

For the past five years the most popular merit badges among scouts have been those in public and personal health, swimming, firemanship and first aid, though sometimes one and sometimes another leads the list. During 1921, public health was the most popular, 7,465 scouts qualifying in that subject in the one year, whereas 7,325 qualified in personal health, 7,141 in firemanship, 6,620 in swimming and 5,837 in first aid. It is noteworthy that every one of these five popular badges are those on subjects which constitute marked steps in the making of a healthy, responsible and helpful citizen.

In spite of the greater stringency of demands made by the national court of honor in the cases of life-saving applications, the number of medals awarded during 1921 for conspicuous service was greater than ever before, totaling 147, against 92 of the past year and 55 of the year before. Three gold medals were awarded as follows: Thomas H. Robinson, Camden, N. J.; Howard Rate of Vineland, N. J., and Henry A. Skilton of Wilmington, Del. Scout Robinson lost his life in saving that of his friend.

Henceforth there will be only one type of medal awarded by the national court of honor in place of the three grades of gold, silver and bronze hitherto awarded. The new design, which will be worked out in gold, was designed by Belmore Broune, artist, traveler and scout man.

**BOY SCOUTS SIGNAL EXPERTS**

During the anniversary week rally conducted by Troop 3 of Macon, Ga., one of the interesting features was the tower demonstration, in which many of the members of the troop participated.

**GERMAN BOY SCOUTS**

It is reported that the German scout organization, hitherto known as Der Pfadfinderbund, has applied for affiliation with the International scout body which will convene for the second conference in Paris next July. The only question involved will be whether or not the German organization is willing to follow genuine scout lines as practiced in the British empire, United States and elsewhere rather than the militaristic type which it originally adopted. Lord Hampton, assistant chief commissioner of the British scout organization, says that if Germany can produce a genuine, sterling scout there will probably be no objection to his joining his brothers at the next jamboree.

Japanese children are taught at an early age to write and draw with both hands, and to this fact has been ascribed the superiority of Japanese art in certain directions, especially in neat sewing.

**Nth Degree in Something.**

If some men were as fussy about choosing a wife as they are in securing a manicurist the divorce courts could knock off a few weeks.

**United States Veterans' Bureau**  
 Assisting the disabled veteran of the northwest district to get a start on his own land is to be the program this spring and summer of the United States Veterans' Bureau, according to H. L. McCoy of Seattle, head of the vocational training department of the bureau in the northwest. The "back to the soil" aspirant will be furnished expert farming advice and paid government compensation, part of which he may use as payments on the land. Bureau officials will assist the veterans in securing the land.

Announcement was made that Director Charles R. Forbes of the Bureau has refused to endorse a new organization named "The Committee of War Risk Insurance Beneficiaries," purporting to promote congressional legislation of benefit to former service men and dependents holding government insurance. Director Forbes denied that the organization has any connection with or sanction of the government in its efforts to enroll insurance beneficiaries throughout the entire country. He stated that the proposed plan of the new group to convert war risk policies to cash value would defeat the rights of alternate beneficiaries. There are 30,000 veterans in this district holding war risk insurance.

There are now 252 blind service men in vocational training under the direction of the U. S. Veterans' Bureau, it was stated.

Announcement was made by Manager L. C. Joseph that no person eligible for vocational training shall be inducted into training in home study or evening course "simply to protect rights of eligibility."

**EVA TANGUAY**, who will appear at the Hippodrome, Portland, week beginning April 8th.

Mute evidence that Marcus Loew is sincere in his recent announcement that Loew's Hippodrome, Portland, would be given stronger programs now that the playhouse has assumed full week schedules, is shown when Eva Tanguay, known as "the Man o'War of Vaudeville," will fulfill a week's engagement there, starting Saturday, April 8th.

On the heels of this startling announcement the news is forthcoming that Viola Dana, dainty Metro screen star, will appear in person at the Hippodrome the entire week starting April 15th, in conjunction with the showing of her latest picture, "Glass Houses."

Both Miss Tanguay and Miss Dana appear in addition to the regular programs, and Manager Ely adds to Mr. Loew's news by stating that there will be no advance in prices, despite the unusual financial outlay involved in bringing the two stars to this city.

Miss Tanguay offers the most pretentious song cycle of her career and her offering could almost be considered a fashion revue due to the stunning new frocks and gowns she brings with her.

Lidell & Clarke, for many years established in the transportation business, with offices at 105 Third St., Portland, Oregon, were last month appointed general agents for Oregon for both the Scandinavian-American and the Swedish-American Lines. These two well-known steamship companies are maintaining direct service between New York and Scandinavian ports with up-to-date passenger steamers, and make connections with all parts of northern Europe. A large excursion will leave Portland on the 2nd of May to connect with the "Frederick VIII" in New York May 9th. On the 3rd of June another excursion will leave Portland to connect with the S. S. "Drottningholm," sailing from New York on the 10th of June.

**Japanese Deft With Each Hand.**

If some men were as fussy about choosing a wife as they are in securing a manicurist the divorce courts could knock off a few weeks.

## BOTH BEAR THE GOODYEAR NAME

One of the tires shown above is the famous 30 x 3 1/2 inch Goodyear All-Weather Tread Clincher.

By long wear, superior traction and freedom from skidding, and low final cost, this tire has won unquestioned leadership in its field.

Alongside it is illustrated its companion, the 30 x 3 1/2 inch Goodyear Cross Rib.

More than 5,000,000 of the Goodyear non-skid tires have been sold in the last five years.

Built of the same high grade Arizona cotton fabric that goes into the All-Weather Tread Goodyear, with a long-wearing but differently designed tread, they have given remarkable service.

Their quality and serviceability have proved to thousands of car owners the folly of buying unknown and unguaranteed tires of lower price.

Ask your Goodyear Service Station Dealer to explain their advantages.

**Maudie on Papa.**  
 Maudie's papa is night editor on a newspaper, a fact which Maudie apparently hasn't learned; for when someone asked her a few days ago what her father did for a living, she replied: "I div it up. I fink he's a burglar, 'cause he's out all night."

**HAVE YOU A DAUGHTER? Watch her Health!**

Portland, Ore. — "When my daughter was in high school and away from home she was troubled with functional disturbances and pain, to the extent of almost having to give up her studies. When she came home and I learned of her condition, I immediately began giving her Dr. Pierce's Favorite Prescription combined with the Pleasant Pellets and in a short time her system became regulated and her suffering ceased. I hope this statement will help other girls who have the same trouble my daughter had."—Mrs F. G. Norman, 134 N. 16th St.

## A FRIEND IN NEED A FRIEND INDEED

**Writes Mrs. Hardee Regarding Lydia E. Pinkham's Vegetable Compound**

Los Angeles, Calif. — "I must tell you that I am a true friend to Lydia E. Pinkham's Vegetable Compound. I have taken it off and on for twenty years and it has helped me change from a delicate girl to a stout, healthy woman. When I was married I was sick all the time until I took Lydia E. Pinkham's Vegetable Compound. I was in bed for weeks and had to have the doctor every month. One day I found a little book in my yard in Guthrie, Oklahoma, and I read it through and got the medicine—Lydia E. Pinkham's Vegetable Compound—and took eight bottles and used the Sanative Wash. I at once began to get stronger. I have got many women to take it just by telling them what it has done for me. I have a young sister whom it has helped in the same way it helped me. I want you to know that I am a 'friend indeed,' for you were a 'friend indeed.'" —Mrs. GEORGE HARDEE, 1043 Byram St., Los Angeles, California.

Let Lydia E. Pinkham's Vegetable Compound be a "friend indeed" to you.

**Boxing Gloves on Fighting Cocks.**  
 An English farmer was recently haled into court and fined on the charge of keeping a place for the purpose of cock fighting, but he made the defense that the sport as indulged in at his place was not an offense within the law, as the birds fought with boxing gloves instead of spurs.
