AROUND THE WORLD
The Gordian knot was made of leather thongs. Ancient Egyptians and Chinese had padlocks. The Scotch song, "Comin' Through the Rye," does not refer to a rye field, but to the River Rye. With the British and local governments co-operating, several wells will be bored in Papua in a search for petroleum.

Onths were taken on the Gospels as early as 528. Tokyo, Japan, has a club of 20 women journalists. Japanese women do not smoke cigarettes, but prefer a tiny pipe of ebony. A memorial tablet has been placed on the house in Norwich where Harriet Martineau, the author, lived for many years.

Portland Shoe Repairs, Mail 'Em Model Shoe Repair, 272 Washington St. Davis Bros., American Shoemakers, 108 4th St.

PIPE REPAIRING
PIPES Repaired by experts. Pipe Shop, 212 Wash. St.

VETERINARIAN—Cattle a Specialty
Dr. Chas. M. Anderson, Kenton, Portland.
Wedding Bouquets and Funeral Pieces
Lubliner Florists, 348 Morrison St.

Governor Parker of Louisiana, having been officially invested as a tenderfoot scout by a group of Eagles of Baton Rouge, went on a Lincoln's birthday hike with the local scouts by way of celebrating their anniversary.

ALL AMERICAN BOY SCOUTS
The Indian boys of the Chemann school have recently been organized into scout troops under the auspices of the Salem (Oregon) council.

"Sporting One's Oak."
To sport one's oak is a phrase signifying that one is not at home with visitors. The saying originated at the English universities, where the students' chambers have two doors—an inner and an outer one. The outer door is made of oak, and when this is closed or "sported" it denotes either that the occupant of the apartment is out or that he does not wish to be disturbed.

To Remove Lead in a Gunbarrel.
Chemically pure and strong nitric acid will dissolve the lead and not attack the metal of a gunbarrel unless the acid becomes diluted with a little water. To remove the acid, pour all of it out and wipe the gun dry with a rag soaked in olive or cotton seed oil. Do not get the acid on the hands or clothing. If, by chance, this happens, wash it off immediately with water and then with some weak alkali.

Tides Dispose of Sewage.
In Boston and many other coast cities the tides are utilized in the disposal of sewage, part of which is held in reservoirs until strong outgoing tidal currents have developed. Before the turn of the tide the sewage has been carried so far that it has become mixed with an immense body of ocean water and is rendered harmless.

Better'n an Ice Wagon.
When two little Irish boys asked a woman in an electric machine for a ride, she looked into the upturned dirty faces and couldn't resist. While driving to the street they had designated they sat perfectly still with eyes focused straight ahead, but when they got out she heard one say: "Gee, that's better'n ridin' a ice wagon, hain't it?"

Worth Remembering.
The joy unshared loses half its sweetness, and the grief borne alone doubles its bitterness. We were not meant for solitude but for sharing and when we are enjoined to love our neighbor, it is for self-preservation as well as for helpfulness.

Pursue Happiness Too Strenuously.
We all seek happiness so eagerly that in the pursuit we often lose that joyous sense of existence and those quiet daily pleasures, the value of which our pride alone prevents us from acknowledging.

Mount Hecla's Many Outbreaks.
There have been 28 eruptions of Mount Hecla, the famous Icelandic volcano, since the discovery of the island.

A SWEET LITTLE BABY BOY
Makes a Bright Spot in Every Home. A Comfort in Years to Come
Park Rapids, Minnesota.—"I have taken your medicine—Lydia E. Pinkham's Vegetable Compound—when I was a girl for pains and before and after my marriage. I now have a sweet little baby boy and will send you his picture if you wish to publish it. My sisters also take your medicine and find it a great help, and I recommend it to those who suffer before their babies are born."—Mrs. Wm. Johnson, Box 155, Park Rapids, Minn.

To marry and arrive at middle age without children is a great disappointment to many women. Think of the joy and comfort other women have in their children as they grow older.
Lydia E. Pinkham's Vegetable Compound has helped to bring great happiness to many families by restoring women to health. Often the childless home is due to a run down condition of the wife, which may be helped by Lydia E. Pinkham's Vegetable Compound. It brought health and happiness into the home of Mrs. Johnson. Why not to yours?

STATE NEWS IN BRIEF.
Albany.—Plans to reopen the old furniture factory in Albany, which has been idle for several months are near completion. It is expected operation will be started within ten days.
Salem.—The state bond commission held a meeting here Monday, when approximately \$75,000 in state industrial accident commission funds was invested in bonds. Advance reports indicate that a large number of proposals will be submitted to the commission.
Grants Pass.—Placer miners operating along the Illinois river and its tributaries have temporarily abandoned their holdings with the report of a rich gold ore strike on Briggs creek in the Illinois valley and about 25 miles southwest of Grants Pass.
Cove.—Since the quarantine on diphtheria was raised citizens have refrained voluntarily from holding public gatherings. As a result but two cases have developed, those of Eva Baker, high school girl and Nellie Meroney, aged 4. Several cases of tonsillitis are under quarantine.
Salem.—Sam A. Kozar, secretary of state, announced Saturday that next week he would start the task of assembling the supplies to be used at the primary election on May 19. He said he expected to have the supplies ready for shipment to the various counties of the state by May 1.
Hood River.—A committee of the Hood River County Teachers' association, an affiliation of the state association, which has investigated the teacher situation for the county, reports that from 35 to 50 per cent of the teaching force of the county will leave for other positions next year.
Elgin.—The Elgin warehouse, under the management of Harlan Huffman, was burned Sunday night with a loss estimated at \$50,000 to building and machinery. The cause of the fire is unknown, but probably was due to spontaneous combustion. Firemen saved the grain in adjoining warehouse.
Salem.—The world war veterans' state aid commission, at the close of a two-days' meeting, announced Saturday night that loans to the number of 120 had been approved. The commission also approved 431 applications for cash bonus. The loans approved by the commission aggregated \$350,000 and the cash bonuses \$107,500.
Monmouth.—The Willamette Valley Flax & Hemp Growers' association, with headquarters in Salem, has signed more than 300 acres for flax in Polk county. Among the Monmouth farmers who will experiment with the crop for the first time are William Riddell & Sons and J. B. Stump, both of whom have large tracts of land near here.
The Dalles.—Another annual payroll of from \$135,000 to \$150,000 will be added to The Dalles in the transfer of the O-W. R. & N. company's tie-treating plant at Wyeth to this city, which is assured within the next 30 days, it was announced by J. P. O'Brien, general manager of the railroad company, at a business men's luncheon here Saturday noon.
Salem.—The people of the Willamette valley apparently are not in sympathy with the "daylight saving" plan, according to a series of letters now being published by a Salem newspaper. One writer said the advocates of the daylight-saving plan should go north with the wild geese, while another writer said the proposal was vicious and sinful. In only one or two instances have the writers favored the daylight-saving plan.
Roseburg.—Road contracts amounting to more than \$60,000 were let Saturday by the county court. The contracts cover 10 projects, which are to be paid for out of the \$1,100,000 bond issue voted by the county last year. The court has outlined a big program for the summer and roads in all parts of the county will be benefited. The court was informed by the state highway commission that steps will be taken to replace the Pacific highway bridge at Winchester, which was condemned by the county roadmaster.
Portland.—With spring nearly a month later than usual, thereby decreasing the danger of damage from frost and giving the trees and bushes a longer season of dormancy, prospects this year are declared to be good for one of the best fruit years in the history of the state and of the northwest. It is still too early to give any definite predictions owing to the fact that rainy weather or a touch of frost during the blooming season might cause damage. However, there is less danger of this with a late season than with the ordinary season.

Wandering Gems.
I have observed that butterflies—very broad-winged and magnificent butterflies—frequently come on board of the salt-ship, where I am at work. What have these bright strangers to do on Long wharf, where there are no flowers nor any green thing—nothing but brick storehouses, stone piers, black ships, and the bustle of toll-some men, who neither look up to the blue sky, nor take note of these wandering gems of the air?

Blondes Disappear in Three Decades.
The real blonde types disappear within three generations when transported to the tropical regions. In the course of time it is predicted by an ethnological expert that the people of the United States and Australia will all be dark.

Are You Satisfied? BEHNKE-WALKER BUSINESS COLLEGE is the biggest, most perfectly equipped Business Training School in the Northwest. Fit yourself for a higher position with more money. Permanent positions assured our Graduates. Write for catalog—Fourth and Yamhill, Portland.

AFTER EVERY MEAL

WRIGLEY'S

Satisfies the sweet tooth and aids appetite and digestion.

Cleanses mouth and teeth.

A great boon to smokers, relieving hot, dry mouth.

Combines pleasure and benefit.

Don't miss the joy of the new WRIGLEY'S P-K—the sugar-coated peppermint tid bit!

Gates in a Roman Camp.

The "praetorian gate" was the name of the front gate in a Roman camp. It was always the gate that faced the enemy. Every Roman camp had four gates. The "decuman gate" was opposite to the praetorian gate, and was the farthest from the enemy. The gates on the right and left sides of the camp were called respectively the porta principalis extra and the porta principalis sinistra.

Incorporated Business.

An incorporated business is one that is owned by a corporation, as distinguished from one owned by an individual or a partnership of individuals. In an incorporated business liability for debts extends only to the property owned by the corporation, whereas an individual doing business in his own name is responsible to the full amount of his possessions.

Rare Gift.

The scent smeller is as essential to perfume manufacturers as the tea taster is to the tea merchant. The gift of scent smelling is a thousand times more rare than the gift of wine sampling.—Indianapolis News.

Name Differently Applied.

The name "daddy longlegs" is applied in the United States to creatures closely related to spiders, while in England it is given to the crane flies.

Strained Music.

The organist at Gloucester cathedral declares that the present vogue of wearing hair over the ears is responsible for a lot of poor singing. His opinion is open to criticism, but it is generally admitted that it would be better if some singers were the hair over their mouths instead.—Eve (London).

The instrument known as the radiometer is so sensitive that it will measure the heat from a hand held thirty feet away from it and will record the heat given off by a fixed star so remote that light from it, traveling at a speed of 186,000 miles a second, takes many years to reach us.

RHEUMATISM
Cannot exist in the human body if you will use Trunk's Prescription. It is ridiculous and preposterous, in fact it is a pity and a shame to suffer with inflammatory, muscular, sciatic or any form of rheumatism. For information write Trunk Bros. Drug Co., Denver, Colo.

Red Cross BALL BLUE
used for baby's clothes, will keep them sweet and snowy-white until worn out. Try it and see for yourself. At greens

Mrs. L. J. Foote

Reap the Reward of Perfect Health

Good Looks Follow Good Health

Presno, Calif.—"It is over twenty years ago since I first heard of Dr. Pierce's Favorite Prescription and Golden Medical Discovery. It was after motherhood and I was simply a wreck. My strength was all gone. I never left my room and rarely left my bed for six months. This was my condition when I heard of Dr. Pierce's medicines. For several months I almost lived on the Favorite Prescription and the Golden Medical Discovery. I gradually gained in strength and spirits. To the healing and strength-giving qualities of these remedies, I am sure I owe my life and present good health. It is a pleasure for me to give this endorsement and express my gratitude for the good I have received."—Mrs. L. J. Foote, 2615 Merced St. Dr. Pierce's famous remedies can be procured of your neighborhood druggist in tablets or liquid, and you can have confidential medical advice free by writing Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

Wandering Gems.

I have observed that butterflies—very broad-winged and magnificent butterflies—frequently come on board of the salt-ship, where I am at work. What have these bright strangers to do on Long wharf, where there are no flowers nor any green thing—nothing but brick storehouses, stone piers, black ships, and the bustle of toll-some men, who neither look up to the blue sky, nor take note of these wandering gems of the air?

Blondes Disappear in Three Decades.

The real blonde types disappear within three generations when transported to the tropical regions. In the course of time it is predicted by an ethnological expert that the people of the United States and Australia will all be dark.
