WORKS FOR CHILD MUST KEEP WELL

Mothers in a Like Situation Should Read This Letter from Mrs. Enrico

Chicago, Illinois.—"I took Lydia E. Pinkham's Vegetable Compound for a serious trouble. I had tried doctors and all said the same—an operation. At first I only felt the pain on my left side, but later I seemed to feel it on both sides. I am a power sewing-machine operator and have a little girl to support. I work in a tailor shop and that line of work has been very slack this year and I am home part of the time. I do not like to take any chances, so I consulted my friends, and one lady said, 'Take Lydia Pinkham's medicine,' so I did. I have felt better right along and am in good enough health to go to work. I recommend your Vegetable Compound and Sanative Wash to all."—Mrs. MARY ENRICO, 469 N. Carpenter St., Chicago, Illinois.

Often the mother is obliged to support her children and good health is necessary. Lydia E. Pinkham's Vegetable Compound is just the medicine you can depend upon. It is a medicine for women's ailments and the relief it brought Mrs. Enrico it may bring to you. Keep well by taking Lydia E. Pinkham's Vegetable Compound.

Did Seem Time for New Hat.
 When does a man need a new hat? This by Barrie Payne ought to shed some light on the question: "We shall have to purchase a new hat. It embarrassed us no little yesterday to discover, in observing the usual social amenities in the presence of a lady, that we had politely lifted the brim of our hat and left the crown in statu quo."

How Halifax Got Its Name.
 Halifax, the capital of Nova Scotia, founded by Lord Cornwallis in 1749, is named after the earl of Halifax, the English statesman who served his country in the house of commons and house of lords from 1688 until his death in 1715. In England, the city of Halifax is of considerable importance as a market town.

Pioneers of Today.
 The young fellow who leaves a salaried job to go into business for himself is as much of a pioneer as his ancestors who crossed the plains.—Portland Oregonian.

Nova Scotian Honorary Titles.
 In 1621 James I conferred the titles knights and barons of Nova Scotia on a number of Scotch adventurers whose object was to colonize North America.

First-Known Englishman.
 The first-known Englishman, according to scientists, was the Piltdown man, so called from a part of a skull found at Piltdown, in Sussex. The brain capacity is equal to the smaller human brain of today.

True.
 A millionaire can't make "has went" and "I done" sound any better than a day laborer.

Self Preservation—Nature's First Law—HEED IT!
 McKenna, Wash.—"I consider Dr. Pierce's medicines to be wonderfully good and recommend them to everybody. I used Dr. Pierce's Favorite Prescription for feminine trouble and was cured. And my uncle used Dr. Pierce's Golden Medical Discovery with fine results."
 Mrs. Bert Putman, Box 192.
 When run-down you can quickly pick up and regain vim, vigor, vitality by obtaining this Medical Discovery of Dr. Pierce's at your nearest drug store in tablets or liquid, or send 10c to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for trial pkg. or write for advice.

 P. N. U. No. 18, 1922

STATE NEWS IN BRIEF.

Astoria.—The spring fishing season on the Columbia river opened at noon Monday and the indications are that the amount of floating gear in the water will be the largest for the first week of any season in many years.

Stayton.—Stayton's new water system is now completely installed, and in a short time the streets will be ready for paving. The county rock crusher here started this week and it is thought likely that the county will furnish the rock and bitulthite

Redmond.—Work began this week on the foundation of a new cheese factory building for H. A. Karlen and D. C. Keyser of Vancouver, Wash. The building is being erected by F. G. Atkinson. Work will be rushed so that the plant can operate as soon as possible.

Hood River.—The orders of northwestern lumber mills has increased the past few months to such an extent, according to Nelson Emry, local lumberman, that dealers here are experiencing difficulty in filling orders for local builders and in keeping their stocks supplied.

Redmond.—The bucking contest which was staged at the fair grounds at Redmond this week was an exhibition of nerve and horsemanship. Twelve horses ridden were bad actors for those attempting to mount them. It is expected that several more contests will be held.

Redmond.—Tax collections in Deschutes county are 10 per cent less than last year. Half of the levy placed on the sheriff's books this year is \$307,103.54, and of this \$205,979.34 has been collected. Of \$249,598.84 collectible last year \$192,544.52 had been received on the corresponding date.

Salem.—The King's Products company, which operates a large plant in Salem, Saturday made its first purchase of strawberries for the 1922 season. The price was fixed at 5 cents a pound. Other buyers, it was said, have contracted for several tons of strawberries at prices not in excess of 4½ cents a pound.

Salem.—There were four fatalities in Oregon due to industrial accidents during the week ended April 27, according to a report prepared by the state industrial accident commission. The victims were L. J. Throop, chokerman, Healdsburg, Cal.; A. M. Danton, laborer, Newberg; C. F. Scoggins, logger, Oswego, and R. Moriyaser, hog feeder, Astoria.

Bend.—Buildings to be started in Bend within the near future will reach a total cost of between \$50,000 and \$75,000, it was estimated Saturday. Following a \$15,000 deal through which he becomes the owner of a parcel of 17 Bend lots, John F. Casey said that he would erect dwellings on each of his new properties, the aggregate cost to be in the neighborhood of \$30,000.

Tillamook.—At a meeting of the Tillamook fair board Saturday, September 12, 13 and 14 were the days fixed for holding this year's county fair. County Agent Pine was elected secretary and manager. As proper accommodations have not been provided on the new county fair grounds the fair will be held on the old fair grounds. The annual stock show will again be made a big feature.

Salem.—Reports were received here to the effect that a number of growers of that vicinity recently contracted to sell a large pool of loganberries to the California Packing company at 3½ cents a pound. For gooseberries the growers will receive 4½ cents a pound and for raspberries 7 cents. It also was reported that the California Packing company is quoting canned loganberries at \$5.25 a case, while the Oregon packers had expected to ask as much as \$6 a case for a similar product.

Salem.—A copy of the so-called compulsory education measure which will go before the voters at the general election in November was received at the office of the secretary of state here Friday. The measure has been referred to the attorney-general for ballot title. The measure, if approved, will not become effective until September, 1926. The proposal provides that any parent, guardian or other person in the state of Oregon having control of charge or custody of a child under the age of 16 years and of the age of 8 years or over at the commencement of a term of public school of the district in which the child resides, who shall fail or neglect or refuse to send such child to a public school for the period of time a public school shall be held during the current year of the district, shall be guilty of a misdemeanor and each day's failure to send such child to a public school shall constitute a separate offense.

AFTER EVERY MEAL

Must Keep Credit Good.
 Lots of men do business on other people's money. Those who succeed learn that it's not how much business they do but how good they maintain their credit. The man who can borrow when he needs money is the man whose conduct of business is approved.—Exchange.

Horned Owl is Powerful.
 The great horned owl, a typical woodland bird, is, says the American Forestry Magazine, the most powerful of them all, only inferior in strength and fierceness to the eagle.

Rarebit as a Means to Riches.
 "Diamonds found in a dream," runs a headline. If the story can be proved, its author can realize a handsome sum by disclosing what he ate before he went to bed.—Boston Transcript.

Less Costly Dealing.
 "The portrait painter charged me \$1,000 to do me in oil," said the man who had just cleaned up in the stock market. "You got off cheap," replied the man who had been on the losing side. "In the future I think I'll have my dealings with a painter instead of a broker."

Poet Worthy of Honor.
 I think, and think I think rightly, the laurel appointed for triumphant captains doth worthily, of all other learnings, honor the poet's triumph.—Sidney.

TWELVE YEARS AGO AND NOW
 If you were a user of automobile tires twelve years ago, you know how true these things are.
Goodyear Tires, you will remember, were good tires even then.

But they gave hardly half the mileage that Goodyear users are reporting to us today. Good as they were, they could not compare in size or strength or lasting qualities with Goodyear Tires now.
Goodyear Tires were low priced then.

But they are far lower priced now. They sell today at prices that represent an average decrease of more than 60% from the level of 1910.
 The proof is in the Goodyear prices quoted below.
 The proof of better quality in Goodyear Tires today is furnished by the finer and abler performance of Goodyear Tires all over the world.
Your Goodyear Service Station here in now offers you the utmost in Goodyear Tire value at the lowest Goodyear prices ever listed. See him today.
