A Coffee Discovery

There comes to us an Arabian Legend that Hadji Omar, a pious Dervish was quaffing from Mocha in 1285. When almost dying of hunger in the wilderness he roared some small round berries he found growing wild in the thickets. A few of these roasted berries fell into his drinking water and thus coffee was discovered.

TAX REDUCTION THE ISSUE

In every county in the state all the candidates for state office promise the people tax reduction. This is the supreme issue.

Can the people get any tax reduction without a new deal of our state affairs. Can platform promises without works to back them get results.

George A. White has a record that he can be proud of in his public service to the people of the state of Oregon where he has been tried.

During the past year he has kept within the appropriation for the support of the National Guard and has made it earn \$199,000 federal money.

In mobilizing the troops and draft for the war he did not spend the \$140,000 allotted him but turned back to the state \$90,000.

He abolished the Oregon Navy Militia as an unwarranted expenditure of public funds and turned its appropriation back into the treasury. This is a record of action. It is not empty platform promises made to the people in the excitement of a political campaign and then forgotten.

A new man and a new deal will start the trend of taxes downward not only in the legislature but in county and local tax levying bodies.

Ralph E. Williams, Vice-Chairman of the Republican National Committee has served continually as Republican National Committeeman from Oregon for fourteen years. As Vice-Chairman of the National Committee, Mr. Williams occupies a position second only in place and power to that of National Chairman, who is the leader of the Republican party of the United States. He is the first Committeeman representative of any Western State to have been elected Vice-Chairman of the National Committee.

He stands at the head, with the leaders. A new man would of custom and necessity, stand at the foot, with the followers. If the Republicans of Oregon want to be represented by a Committeeman recognized as a leader of the National party or organization possessed of the power and influence that goes with leadership, they will vote for Ralph E. Williams and his continued service in behalf of his party and state.

Forest Protection

Prevent Forest Fires—It Pays Leave a clean camp and a dead fire.

Let's have a smokeless summer. A smoking match carelessly thrown may mean a smoking forest.

Livestock needs grass and water, forest fires mean an end of both.

The great menace to the forest is fire, which destroys the timber, dries up the streams, drives away wild life, and leaves in its wake ruin and desolation.

A lighted match, cigar or cigarette butt, carelessly thrown to one side in the woods, may start a forest fire which requires days of hard work and thousands of dollars to control.

All national forest headquarters and many ranger stations have telephones. If you discover a forest fire, call central and ask to be connected with the nearest forest officer.

The laws impose a fine of \$500 or 12 months imprisonment, or both for setting a fire in a national forest and allowing it to escape from control, or for leaving a camp fire without completely extinguishing it.

The tourist won't stay long if forest fire smoke hides the scenery.
