PREHISTORIC TRACTS ARE FOUND

Health Brings Beauty
A Pretty Skin Follows Good Blood
 Peshastin, Washington—"When I was about fourteen years of age I had an operation for appendicitis and the doctor said it would retard development until I was 18 or 19 years of age, but I heard how good Dr. Pierce's Favorite Prescription was for young girls so I took four bottles of it and came into womanhood within a year. Then I started getting healthy and strong. Before I took Dr. Pierce's medicine I weighed only 72 pounds—now I weigh 107. Later in life I took a breaking-out on my face. I wrote to Dr. Pierce and he advised me to take the 'Golden Medical Discovery'. I took two bottles of it and my skin is as smooth as I could wish for. I would like to tell every sufferer about Dr. Pierce's great medicines."—Miss E. L. Carrell, Box 24.
 Write Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for free medical advice or send 10c for trial package of any of his medicines.

Snowing.
 There was no wind, so the flakes fell light as feathers, gray in the gathering dusk as the down that falls from wind-swept breasts of wild swans in their flight to or from the Polar seas. Denser and denser it came; soundless at first, but after a while with a faint rustling and whirring, as though the flakes were invisible birds of silence.—Fiona Macleod.

The Weakest Finger.
 The third finger on the left hand, on which the engagement and wedding rings are worn, is automatically the weakest of the fingers. Pianists have to give the third finger twice as much drill as the others.

Tell-Tale Traits.
 You cannot rightly judge people by what others say about them, but you can by what they say about others.—Boston Transcript.

SPENT HALF HER TIME IN BED
Farmer's Wife Tells How Lydia E. Pinkham's Vegetable Compound Made Her a Well Woman

Carter's Creek, Tenn.—"Three years ago I was almost an invalid. I spent half of my time in bed, being afflicted with a trouble which women of a certain age are apt to have. I took Lydia E. Pinkham's Vegetable Compound Tablets and used Lydia E. Pinkham's Sanative Wash. I am a well woman now and have been for two years. I can work as well as any one who is younger and as I am a farmer's wife I have plenty to do for I cultivate my own garden, raise many chickens and do my own housework. You may publish this letter as I am ready to do anything to help other women as I have been so well and happy since my troubles are past."—Mrs. E. T. GALLOWAY, Carter's Creek, Tenn.

Most women find plenty to do. If they are upset with some female ailment and troubled with such symptoms as Mrs. Galloway had, the smallest duty seems a mountain.
 If you find it hard to keep up, if you are nervous and irritable, without ambition and oft of sorts generally, give the Vegetable Compound a fair trial. We believe it will help you greatly, for it has helped others.

Something to Think About

By F. A. WALKER

THE REASON WHY

IN EVERYDAY contact with such lemons as regularly come up for solution in the home or the office, adopt a process of reasoning them out in your own way.
 You will find if you steadfastly persist in such a course that you will soon reach a higher stage of thinking, necessary always to a higher state of efficiency.
 Accepting some one's say-so without giving serious thought to the answer or inquiring as to the reason why, is an unwise thing to do.
 In spite of whatever innate cleverness you may have, if this dependence on some one else is continued, there will never come to you an opportunity to show this ability.
 You will form the harmful habit of leaning on others instead of standing alone in your own strength and trusting unreservedly in self.
 Those upon whom you rely for advice will keep ahead of you just as long as you court their company and assistance.
 By pursuing such a course you admit incompetence and lack of force, which disqualify you for leadership and advertise to your employers that you are a second-grade man or woman, incapable of forming judgment without help from others.
 To observe, reflect and apply ought to be the high purpose of every man and woman in the stern battle of life.
 Observe as a child and keep observing until you find the reason why.
 If you will reflect, sift out the chaff from the wheat, you will in a short time be qualified to judge the good from the worthless and pick out the best every time you are called upon to make a decision.
 With this newly acquired ability, you will know unerringly how to choose the right course and follow it with strength and assurance.
 Instead of being a weak dependent, wavering, uncertain and timid, you will grow steadily into a strong, bold leader capable of shouldering great responsibilities.
 Keep your eyes open, use the mind given you by the Creator, figure the value of everything that has a direct bearing on your work, apply the useful and you will encounter no real difficulties in finding the reason why, or in piercing the bull's eye of success with an arrow of your own making.

SEASONABLE GOOD THINGS
SKIM MILK will prove a boon to many housewives who have forgotten that it may be used in nearly all dishes instead of whole milk, and can be bought in many places for very little. In cream soups, adding a little more butter, the skim milk is especially good.
Nut Wafers.
 Take three tablespoonfuls of butter, add five tablespoonfuls of pulverized sugar. When the sugar and butter are creamy, add three tablespoonfuls of milk, drop by drop, stirring constantly; then add nine tablespoonfuls of flour and a few drops of vanilla. Brush a pan with fat, drop by spoonfuls and sprinkle each with chopped nuts. Dust with cinnamon and bake in a slow oven.
Spicy Fruit Cake.
 Take one-half cupful of New Orleans molasses, one cupful of brown sugar, cinnamon, ginger and nutmeg to taste, one egg beaten well; add one cupful of sour cream, a teaspoonful of soda and three cupfuls of flour. Mix well and add one-half cupful of nuts with raisins, figs and dates chopped and mixed to make one-half cupful. Bake in a loaf in a slow oven.
Anise Seed Cookies.
 Take one-half cupful of shortening, one cupful of sugar, two eggs, two tablespoonfuls of milk, four tablespoonfuls of anise seed, five tablespoonfuls of baking powder and three to four cupfuls of flour. Mix and add the seeds. Roll and cut in fancy shapes. Bake in a hot oven.
Sticky Cinnamon Buns.
 Take one quart of raised dough, add one-half cupful of sugar, two well beaten eggs, two tablespoonfuls of soft butter, one-half cupful of brown sugar; mix well and roll out. Spread with two tablespoonfuls of soft butter; sprinkle with one-half cupful of brown sugar, mixed with two teaspoonfuls of cinnamon, one-half cupful each of currants and seeded raisins. Roll and cut in slices. Brush a deep, heavy sheet-iron pan with fat, sprinkle with brown sugar and set in the buns so that they do not touch. Let rise until light. The buns should be five inches high when baked. Cut the roll in two-and-one-half-inch slices when put to rise. Place an asbestos mat under the pan and be careful not to bake in too hot an oven.

More Quality for Less Money

There never was a time when Goodyear Tires were so good as now.
 They are bigger, heavier and stronger today than any earlier Goodyears ever were.
 Yet Goodyear prices are lower now than ever.
 Not even in those remembered days before the war did Goodyear Tires sell at such low prices as today.
 Look at the figures listed below.
 They represent an average decrease of more than 60% from Goodyear prices of 1910.
 When you can get these better Goodyears at such prices, there is no question of the tire value at your command.
 Your Goodyear Service Station Dealer will tell you that never in his experience as a tire dealer has he known the equal of this value. See him today.

Manufacturer's tax extra

Should Have Understood.
 When C. M. Bissell was in charge of the old Harlem railroad he issued an order that whenever a conductor collected a cash fare he must give a receipt, and enter the amount on a stub. Very soon a committee from the conductors called and asked for more pay. Bissell inquired: "Why, boys, why do you ask for that now?" There was some hesitation and then the oldest committeeman said: "Mr. Bissell, you used to be a conductor yourself."
Pope's Good-by to Cardinal Gibbons.
 I cannot help recalling an instance where a lady, a guest at the White House at luncheon, asked the late Cardinal Gibbons whether he really believed that the pope was infallible in all he said. The cardinal smiled and answered: "I can only respond to that, madame, by saying that when the pope bade me good-by the last time he said, 'Addio, Cardinale Gibbones!'"—Maurice Francis Egan in the Review of Reviews.

Beauty in the South.
 In the South the crape myrtle becomes a small tree and turns a brilliant bronze almost or quite red, says the American Forestry Magazine. It is much grown for its summer and early fall flowers, but it also has value for the color of its ripening foliage on the approach of cold weather.
Mephistopheles.
 The name Mephistopheles is from the Greek, and it means "He who loves not light." The name was given to a Satanic personage of the Middle Ages, who in the Faust legend is appointed to obey Faust's commands, according to the terms on which the latter has sold his soul to Satan.
