

### Base Ball

One of the best games of base ball ever witnessed in Wasco county was played in Maupin last Sunday May 28th between The Dalles and Maupin base ball teams.

It was a well played, clean game throughout and thoroughly enjoyed by everyone present.

The local team did exceptionally good field work but was not up to standard in base running. The score was 5 to 3 in favor of Maupin.

Batteries: Morris and Benies Th Dalles, Woolsey and Kohler. There will be no game at Maupin next Sunday. The game with Bend will be played at a later date. The Maupin boys will play at Moro.

### Election Yesterday

The Maupin city election yesterday was an event of much interest and taxation on the male population of the town to procure an election board of non-candidates. Kaiser and B. D. Fraley are the only unsuccessful candidates in the race for Alderman. R. E. Wilson and L. C. Henneghan were rewarded for their energetic campaigns, each for the other, by 33 votes each for mayor.

### Prineville Burned

A fire at Prineville at 11:45 last night destroyed four blocks in the heart of the business section of the town, according to a telegram from Redmond this morning. Communication was cut off, there remaining a mass of tangled wire. Two men were overcome by smoke, but no lives were lost. Prineville hotel, post-office, two hardware stores, bakery, two grocery stores, one jewelry store, livery stable and several other buildings are said to be among the ruins.

## You Save Big Repair Costs by painting now

YOU can't escape. Either you paint your home when it needs it or you spend from five to ten times as much rebuilding what has rotted away for lack of paint protection.

Painting costs so little compared to the service of saving it renders, that failure to paint is utter extravagance.

Painting is economy and an additional economy is found in using the best paint. It spreads easily—saves labor cost. It covers more area per gallon than "cheap" paint.

But most important, the best paint serves five or more years longer than "cheap" paint. It assures better results at a lower cost in the long run. We have been making the best

paints for 75 years—to meet the weather conditions in the West.

The best materials—PIONEER WHITE LEAD, pure linseed oil, pure zinc, and pure colors—are combined in Fuller's Paints in scientifically exact proportions with long-time skill.
