Make Your Own

FINKE BROTHERS
Manufacturers of all kinds of Tanks,
hard and soft wood barrels and Kegs.
Write for prices, 254 Front, Portland, Ore.

Why pay several commissions and ex-
orbitant prices for things that you can
make yourself. My practical booklet,
"Money Saver," tells you how to make
anti-freezing solution for a few cents.
How to make poultry lice and mite de-
stroyers. How to get rid of warts, make
your own bay-rum. Re-sharpen old files.
Make your own blasting powder, tooth-
paste, mouthwash, glass and leather ce-
ment, water-proofing for clothes, how to
solder different metals, woodpolishes.
How to tan skins, how to temper steel
for different uses, and many others. (This
is not bunk) any of these formulas will
save you money. Sent postpaid on re-
ceipt of 50c, check, money-order or
stamp.

Lubliner Florists, 343 Morrison St.

Pay Attention to Worms.
Successful growers of swine are
each year paying more attention to
the prevention of worms in swine.

Dock Early.
Lambs should be docked and gelded
while yet quite small.

Make Fight on Cattle Lice.
A pound of sulphur and a quarter
pound of pulverized sabadilla makes
an effective dust with which to fight
cattle lice.

Disappointment With Sheep.
The only farmer who is disappoint-
ed with sheep now is the one who has
none to sell.

Successful Stockman.
A successful stockman is one who
thoroughly understands feeding, breed-
ing, housing, judging and marketing.

THIS HEN LAYS HALF-INCH EGGS
Runt of Thirteen-Pullet Brood Tries
to Compete With Her Normal-
Sized Sisters.

Move colony house or brooder coop
to fresh ground before chicks are
turned out.

**The incubator is not only a neces-
sity but an economy where early
chicks are wanted.**

**The hen and the caretaker are part-
ners in the poultry business. If either
one is lazy the profits are less.**

**Eggs shipped for some distance
should be carefully unpacked and
placed in a quiet place at least 24
hours before placing them under hens
or in an incubator.**

Boom for Good Roads.
A road program that will place Kan-
sas among the leading road building
states of the nation was urged by
E. J. Heckle of Topeka, manager of the
Kansas Automobile Owners' associa-
tion, in an address to the state con-
ference of officials of chambers of
commerce.

Tennessee Road Work.
Tennessee has inaugurated a fed-
eral aid road-building program involv-
ing the expenditure of \$8,000,000 for
281 miles of roads in 20 counties.

**Not one boy was sick, although the
sun and rain vigorously challenged the
scouts. Enthusiasm for perfect scout-
craft reigned; tents were pitched with
flawless precision; tests were passed
wherever opportunity presented itself
to advance in scouting rank. Twenty-
one merit badges were won.**

**Besides Scout Executive Abriel and
the scouts, four adult leaders were in
the party.**

**In commenting on the trip, Mr.
Abriel said, "To me this is real scout-
ing—a combination of work and play
that brings to the boys the love of the
out-of-doors, its wholesomeness and
joy, with the opportunity to learn to
work together generously and help-
fully, each for all, all for each."**

**This itinerant camp was called
"Camp Kiwanis" in honor of Trenton
Kiwanians who are backing the scout
movement in their city.**

**Hood River.—The county court has
awarded \$100,000 of Hood River coun-
ty's \$350,000 Mount Hood loop high-
way bond issue to the Lumbermens
Trust company of Portland, on a bid
of 4 1/2 per cent and a premium of
\$1150, a record sale for county highway
bonds. A \$150,000 portion of the
issue was sold last year for 6 per cent
with a premium of \$1500. It will not
be necessary because of a decrease in
construction costs to sell more than
half of the remainder of the bonds.**

**Comfort Your Skin
With Cuticura Soap
and Fragrant Talcum**
Soap, Ointment, Talcum, etc. everywhere. Samples
free of Cuticura Laboratories, Dept. 5, Malden, Mass.

Watch Cuticura Improve Your Skin.
On rising and retiring gently smear
the face with Cuticura Ointment.
Wash off Ointment in five minutes
with Cuticura Soap and hot water. It
is wonderful sometimes what Cuticura
will do for poor complexions, dandruff,
itching and red rough hands.—Adv.

What This Buffalo Physician Has Done For Humanity

The picture which appears here of Dr. Pierce of Buffalo, N. Y., was taken in 1910. As a young man Dr. Pierce practised medicine in Pennsylvania and was known far and wide for his great success in alleviating disease. He early moved to Buffalo and put up in ready-to-use form, his Golden Medical Discovery, the well-known tonic for the blood. This strength-builder is made from a formula which Dr. Pierce found most effective in diseases of the blood. It contains no alcohol and is an extract of native roots with the ingredients plainly stated on the wrapper. Good red blood, vim, vigor and vitality are sure to follow if you take this Alternative Extract. Dr. Pierce's Golden Medical Discovery clears away pimples and annoying eruptions, tends to keep the complexion fresh and clear. This Discovery corrects the disordered conditions in a sick stomach, aids digestion, acts as a tonic and purifies the blood. Write Dr. Pierce's Invalids Hotel in Buffalo, N. Y., and receive confidential medical advice free. Send 10c for trial pkg. tablets. All druggists sell Discovery, tablets or liquid.

BOY SCOUTS

(Prepared by the National Geographic Society, Washington, D. C.)

A GLORIOUS OUTING

Tramp, tramp, tramp—dignified and quiet—tramp, tramp, tramp—sturdy and bronzed. Into National Headquarters on July 22 walked 60 hardy lads, packs on their backs and the spell of the out-of-doors about them, fresh from a hike of 225 miles through the state of New York.

To Scout Executive W. F. Abriel, boy lover and outdoor enthusiast, the credit is due for the 850-mile trip enjoyed by these 60 honor scouts of Trenton, N. J. For months before the great trip, a merit system was in practice among the scouts at Trenton. Semi-weekly hikes were made of 12 and 15 miles. Personal health and correct diet were stressed. The 60 boys ranking highest in physical fitness and efficiency, in scouting were selected for the trip.

Trenton bade them Godspeed when on July 10 they left in autos for New York City. There they took the boat for Albany where the hiking began. Up to Fort Ticonderoga they pushed, sleeping out of doors each night, cooking their meals in the open, stopping for rest periods and practice of swimming and scoutcraft—but always with an objective point to reach each day. Scout Executive Abriel had hiked the entire distance twice in advance of the trip, arranging every detail.

Albany, Watertown, Stillwater, Schuylerville, Fort Edward, Saratoga, Schenectady, Sabbath Day Point, Fort Ticonderoga—these were among the stopping points. At each place contingents of local scouts met the party and entertainments were carried out, the Trenton lads' own file and drum corps doing its share.

The historic points of the famous ground they covered were explained by the scout leaders and educational side tours, such as visits to the General Electric plant at Schenectady, the Capitol and the Educational building at Albany, were features of the trip.

Not one boy was sick, although the sun and rain vigorously challenged the scouts. Enthusiasm for perfect scoutcraft reigned; tents were pitched with flawless precision; tests were passed wherever opportunity presented itself to advance in scouting rank. Twenty-one merit badges were won.

Besides Scout Executive Abriel and the scouts, four adult leaders were in the party.

In commenting on the trip, Mr. Abriel said, "To me this is real scouting—a combination of work and play that brings to the boys the love of the out-of-doors, its wholesomeness and joy, with the opportunity to learn to work together generously and helpfully, each for all, all for each."

This itinerant camp was called "Camp Kiwanis" in honor of Trenton Kiwanians who are backing the scout movement in their city.

STATE NEWS IN BRIEF.

Eugene.—Mrs. W. T. Pattison, three miles east of Eugene, harvested 52 tons of prunes from 3 1/4 acres of ground this year, besides a good yield from a young orchard.

Eugene.—Turkeys are plentiful in this part of the valley this fall, according to commission men who have made inquiries as to the supply of the Thanksgiving birds. More than have been marketed for a number of years will be available this year, the dealers stated.

Astoria.—The Lonberg-Johnson Packing company, which recently erected a plant at Flavel, began the packing of clams Friday. It employs about 12 persons in its cannery besides all the clam diggers it can obtain. It expects to operate during the entire winter.

Hood River.—Robert Beal, Russell Dowd and William Smullin, upper valley boys who recently won a majority of the premiums offered at the state fair for potato displays among entries of schools, will combine and carry an exhibit of their tubers to the Pacific Northwest Land show in Portland next month.

Salem.—Although there are a number of applications for state fair secretary for consideration by the state fair board, no action on them will be taken for some time, it is indicated by officials here. The resignation of A. H. Lea, secretary of the fair for many years, was formally accepted at a meeting of the board Saturday.

Sheridan.—Owing to construction work on the new highway bridge at Willamina, the Tillamook highway is now closed to coast travel at that point. All travel must detour through Sheridan, turning at the intersection of Bridge and Main streets and going through Buell, Or., thence back to the main road above Willamina.

Brownsville.—If fruit growers in the Calapooia valley will co-operate with President Holt of the Eugene Fruit Growers' association, it is probable that Brownsville will have a new cannery before the next fruit season rolls around. There has been no cannery here since the burning of the Graves company's plant two years ago.

Bend.—Heavy purchases of lambs in central Oregon for the Stanfield interests was reported Saturday by S. A. Stanfield, brother of Senator R. N. Stanfield, while on a business visit in the city from Weiser, Idaho. Ten thousand lambs have already been purchased in this section and five thousand more will be bought, said Stanfield.

Stayton.—As the city water plant does not at present comply with the requirements of the Oregon state rating board it is proposed to put before the people at the coming election a measure to bond the town for \$12,000 to make such improvements as are necessary. The recent fire proved that new hose and more water power are badly needed.

The Dalles.—The total valuation of the tax roll in Wasco county was estimated at \$20,850,000, according to figures made public by the county assessor's office. The court of equalization has finished its work and has announced a reduction of \$2370 in city property and \$8110 in the valuation of county property. The estimate is about \$150,000 more than the estimate for 1921.

Hood River.—While the supply of pickers here this season is plentiful, many growers are finding it difficult to get enough packers. Because of the scarcity and keen demand for packers, this class of harvest help has become temperamental and hard to please. The condition will become less acute as the peak of the harvest passes and many small growers will be able to release their packers.

Portland.—The Pacific International Livestock exposition at Portland next month will be at least 30 per cent larger than the national dairy show held at Minneapolis last week is the estimate of General Manager Plummer of the stock show organization, who returned from Minneapolis recently. Entries for the big annual stock show of the Pacific coast have not yet been completely checked up, but it is certain that the entries this year will run about the 4000 mark.

Hood River.—The county court has awarded \$100,000 of Hood River county's \$350,000 Mount Hood loop highway bond issue to the Lumbermens Trust company of Portland, on a bid of 4 1/2 per cent and a premium of \$1150, a record sale for county highway bonds. A \$150,000 portion of the issue was sold last year for 6 per cent with a premium of \$1500. It will not be necessary because of a decrease in construction costs to sell more than half of the remainder of the bonds.
