## MRS. LULA VANN FULTON, ARK.

### Suggests to Suffering Women the Road to Health

Fulton, Arkansas.—"I used Lydia E. Pinkham's Vegetable Compound for a soreness in my side. I would suffer so badly every month from my waist down that I could not be on my feet half the time. I was not able to do my work without help. I saw your Vegetable Compound advertised in a newspaper and gave it a fair trial. Now I am able to do my work and don't even have a headache every month. I cannot praise your Vegetable Compound enough and highly recommend it to those who have troubles like mine. I am willing for these facts to be used as a testimonial to lead all who suffer with female troubles, as I did, to the right road to health."—Mrs. LULA VANN, Box 43, Fulton, Arkansas.

It is this sort of praise of Lydia E. Pinkham's Vegetable Compound, given by word of mouth and by letter, one woman to another, that should cause you to consider taking this well-known medicine, if you are troubled with such symptoms as painful periods, weak, nervous feelings, miserable pains in your back, and cannot work at certain times.

Here is a woman who is so grateful and glad to be relieved from a painful and nerve racking physical condition that she wishes to tell all sick women.

## STATE NEWS IN BRIEF.

Pendleton.—Harry Rose, well known sport promoter and business man of Helix, 18 miles from this city, was Saturday night shot and killed by the Helix marshal when he resisted arrest, it was reported in this city.

Newberg.—Newberg is co-operating with other parts of Yamhill county to obtain a large display of agricultural and horticultural exhibits for the Pacific International Livestock exposition, which will be held in Portland November 4-11.

Pendleton.—Investigation is being made by officials of the county into the report that poisoned bones have been strewn about the east end of the county near Ferndale, and many valuable bird dogs have died from eating the meat on them.

Cottage Grove.—The number of tourists stopping over night in Cottage Grove was smaller during the past year than for the year before, yet 1180 cars have registered and they carried 3605. It is estimated that this number spent better than \$10,000 in the city.

Eugene.—The city water of Eugene is absolutely pure and the malady that is now prevalent among students of the University of Oregon is not the result of contaminated water, said Professor Sweetser, head of the department of botany and bacteriology at the university.

Hood River.—The season's first killing frost struck lower levels of the mid-Columbia Sunday night. Crops suffered no damage, as all harvests had been completed. Haycock was wrought in the valley's numerous dahlia gardens. The minimum temperature was 25 degrees.

Imbler.—An acute housing shortage is in evidence in Imbler in spite of the building activity. Additional buildings will be erected in the spring and if a good market for the fruit is realized a factory may be established here by local capital to take care of all the low-grade apples that otherwise go to waste.

Bend.—Announcement of an increase of its capitalization from \$50,000 to \$100,000, with a paid-up surplus of \$20,000, was made Saturday by the First National bank of Bend. Rapid development of the city's industries and of the county surrounding Bend prompted the increase, C. S. Hudson, president, said.

Hood River.—The last Sunday of open season on China pheasants was spent by scores of local and visiting hunters in the copes surrounding the valley. Most hunters were accompanied by dogs. The fowls, however, have become very wild as result of the shooting of the past two weeks and but few were bagged Sunday.

Bend.—Rapid recovery of the stock industry of Deschutes county from the depression of a year ago is revealed in the fact that the number of cattle, sheep and goats owned in the county is much greater than it was then, although many ranchers were forced to sell much of their stock last winter. The increase is shown in the 1922 assessment roll.

Pendleton.—W. L. Rayborn of Weston mountain won sweepstakes at the Umatilla county potato show held in Weston Saturday. Mr. Rayborn took first in certified netted gems, first in the commercial class and first in hill selections of "Earliest of All." This last prize was captured in stiff competition. He exhibited a total of 147 pounds of potatoes from 12 hills.

Salem.—After explaining that there is a 25 per cent excess in the United States' apple crop this year and that the apple crop is one of the most important in the Pacific northwest, Governor Olcott Saturday issued a proclamation in which he requests the people of Oregon to co-operate with the apple producer during the national apple week—October 31 to November 6—in handling his enormous crop.

Pendleton.—Active work has started in the west end of the county to stop the spread of hog cholera which is rapidly killing much of the prize stock near Hermiston. H. W. Lytle, state veterinarian, has called for immediate vaccination of all hogs in the affected area. Hogs of the C. P. Adams farm, which last year took many ribbons at the state fair, have died, and other purebred animals are fast dying.

Eugene.—The three evaporating plants of the Eugene Fruit Growers' association, a farmers' co-operative organization, handled approximately 3,000,000 pounds of green prunes this season, according to a report of J. O. Holt, manager. This does not include the prunes which members of the association dried at their own plants, of which there are a quite a number. This year's crop was the largest in the history of the industry in Lane county.

## THE SCHOOL—EARTH'S NOBLEST MONUMENT

Copyright 1922. International Feature Service. Reprinted through the Courtesy of Hearst Sunday Papers.

"This giant building represents the PUBLIC SCHOOLS of the United States. This is the ONE thing that is important in this nation. In comparison with it NOTHING ELSE has importance."

"The Capitol, where Congressmen sit, the great monument in memory of Washington, the mountain ranges, the WHOLE NATION is subordinate to this noblest of all earth's monuments—the PUBLIC SCHOOL."

"What the nation is, what its laws are to be, its future usefulness in the world, ALL depend on the school in which the children are taught."

"Protect this monument, build it higher, nobler, better, and you have provided for the future and the safety of the United States."

### Girls! • Girls!!

## Clear Your Skin With Cuticura

Sample each (Soap, Ointment, Talcum) of Cuticura Laboratories, Dept. X, Malden, Mass. Sold everywhere.

**Woolf**  
A Kansas observer discovers that homes are broken up because lazy wives feed their husbands on canned food. But what of the homes in which the products of the cannery preserve happiness by making it unnecessary for husbands to eat what their wives have cooked?

**Advisable to Wait.**  
Saturday night was very stormy and little Allice was quite frightened, so was told to say her prayers and go to bed. After meditating a while she exclaimed: "I think I'd better wait till it stops raining, mother, 'cause my prayer will get all wet going up to heaven."

**Differing Ideas About Robins.**  
Some people in Germany believe that if a robin nests under your eaves, your house will be protected against fire; while others consider it a bad omen, foretelling a conflagration.

**Why They Stop Counting.**  
The best years of one's life are from eighteen to twenty-four, says a writer; so we really can't blame our girls for lingering between those years as long as possible.—Boston Transcript.

**Fifty-Fifty.**  
There are 35.5 persons to the square mile in the United States, which is about the same as the number of jay walkers to the mile of city streets.—Boston Transcript.

**Properly Qualified.**  
The generous who is always just, and the just who is always generous, may, unannounced, approach the throne of heaven.—L'Avator.

## Chances for Some That We Know.

Congo Paper.—Musicians wanted. Expert performer on bangtable. Knowledge of harmony not essential, but force is important. A vigorous operator on the bigstikan florkak might also be engaged if very muscular. Apply, etc.—Boston Transcript.

Cuticura Comforts Baby's Skin  
When red, rough and itching with hot baths of Cuticura Soap and touches of Cuticura Ointment. Also make use now and then of that exquisitely scented dusting powder, Cuticura Talcum, one of the indispensable Cuticura Toilet Trio.—Adv.

**The First Fan.**  
Who invented the fan? Eve, said the essayist. Venus, declared the poet, Oliver Wendell Holmes, when she denuded one of her doves, a fan-tailed pigeon, of her plumes. Whatever its origin, the fan has belonged to woman alone.

**Do They Get a Bonus?**  
In many of the large cities of China there are establishments where beggars voluntarily submit to having their eyes taken out and their limbs broken, in order to excite public commiseration.—Brooklyn Eagle.

**Arkansas Consolation.**  
Some of these fellows who are always complaining that the world doesn't understand them ought to be glad of it.—Walnut Ridge Blade.

**Hopeless!**  
One of the most discouraging tasks in the world must be praying for congress. One chaplain prayed for congressmen twenty-five years and looked at them now.—Seattle Post-Intelligencer.

## Mrs. Wilson Nichols

### If You're a Young Woman or Even in Middle Life

Here is Some Good Advice for You From a Prominent Woman.

Seattle, Wash.—"I can say that Dr. Pierce's Favorite Prescription has done me more good than any other medicine. It is the all-around medicine for women for their trials and troubles at most any age. It is a wonderful medicine for the many weaknesses peculiar to women. I am taking it at the present time; it relieves me of gas on the stomach, palpitation of the heart, cramps in the feet and limbs, heat flashes, nervousness, and other symptoms common to women in middle life. I haven't found anything that gives such relief. It gives me pep and makes me feel full of life like I used to be."—Mrs. Wilson Nichols, 1823 3d. Ave., West.

Women who suffer from headache, backache, flashes of heat, dizziness, fainting spells, nervousness or exhaustion, should go at once to their neighborhood druggist and get a bottle of Favorite Prescription, in tablets or liquid. Or write Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for free medical advice.

**Are You Satisfied?** BENJAMIN WALKER BUSINESS COLLEGE  
is the biggest, most perfectly equipped Business Training School in the Northwest. Fit yourself for a higher position with more money. Permanent positions assured our graduates.
