

Dake-Lake

A marriage which took place in Portland Wednesday and which is of interest to Maupin people was that of Miss Hilda Irene Lake and Dr. Henry C. Dake. The wedding took place at the home of the bride's cousin Mrs. A. Stinson, 498 Spokane Avenue, Portland, Rev. W. S. McCullough officiating. The bride and groom were attended by Miss Lucy Dade and George F. Kirkwood, both of Portland. Only a few relatives and friends were present.

Mrs. Dake is the daughter of A. E. Lake, former county judge now of Wamic, and belongs to one of the pioneer families of Wasco county. She was graduated from The Dalles high school in 1915.

Dr. Dake was graduated from the North Pacific Dental college in 1919, and is a member of the Trowel National Dental Fraternity.

Dr. and Mrs. Dake will be at home in Portland after the first of the year.

Cement Walks

With the exception of the Drug Store property where carpenter work is being done, the north side of Deschutes avenue has been bordered with cement walks from the school house to Burnham avenue. One block, between Fifth and Fourth street when completed will make the walks finished on the south side of the avenue. Within the main business district walks are of uniform six-foot width, elsewhere four feet is required width. Workmanship in laying the walks is of a high class and Maupin's enterprise adds much to the town's appearance.

Steel Bridge at Sherar

Contract for the construction of a bridge over the Deschutes river at Sherar's has been let by the state highway commission to the Union Bridge company of Portland, it was learned today. The new new bridge will replace the historic span at the narrows over which much of the travel of early days passed. The span will be steel with reinforced concrete foundations, and will cost the county \$5,394, the contract price. Plans for the bridge were drawn by state engineers; and the contracts let by the commission at the request of the Wasco county court. Apportionment of the market road funds for the second half of the year was made by the highway commission at its meeting yesterday. Wasco county was allotted \$12,333.55 in this apportionment. The commission also ordered that "filler" be applied to the gravel on the highway east of The Dalles, where the wind has been blowing out the sand.—Chronicle 23.
