Town's Offer Rejected.

Portland, Ore., Jan. 6, 1923. To the Honorable, the Common Council of the Town of Maupin, Gentlemen: Upon the request of Mrs. Staats, and as her attorney I will answer your written offer of \$3000.00 for the purchase of the Maupin Springs and the Water System, together with twenty-six and one quarter acres of ground as required in the plans submitted by the engineer employed by the town of Maupin.

Mrs. Staats will not accept your offer. She does not know your object in hastening your offer into newspaper print, unless as a bugbear to frighten and sidetrack possible, or even probable purchasers of her water system and rights to the use of the waters of the springs, as a desirable money investment. Mrs. Staats and her husband have already expended more than Four Thousand Dollars in putting the system at its present capacity, and have arranged to enlarge the system sufficient to meet all the needs of the town in its further growth. They have secured the services of men to do the work, and will proceed with the work as soon as the ground and weather conditions will permit.

The town of Maupin has a sufficient water supply to meet all reasonable demands of its people at the present time, and the present water supply, and the extension I have mentioned, increasing the supply will be put in use, by the time it is needed for irrigation between this and the last of May, unless your Honorable Body, with the approval of your Honorable Mayor block the way, which I sincerely hope and trust may not occur.

Very truly yours,
E. B. Dufur.
