Try It on Your Phone

Did you ever stop to figure, You who use the telephones, That the lines have certain limits Quite distinct from megaphones? One by one the calls are taken, One by one the signals fall, One by one the parties answer—if they hear their buzzers call. Calls are answered in the order That they reach the central board Yours receives as prompt attention

As skilled handling can afford. Why should precedence be given To your wants, before your turn. Does your doctor, lawyer, banker Such great worth in you discern? And, another thing, dont grumble

If toll service is more slow. It depends, like trains and street cars.

On the distance it must go. You would not expect to travel From New York to Timbuotoo Quite as quickly as a taxi

Could traverse the city through Still one little thing, in closing Just because you're miles away Don't bawl out the operator, Show a little chivalry.

If you're peeved, you'd best forget it. But whatever stirs your ire, Be a sportsman in your methods, Do not hide behind a wire. Central girls are only human, Toiling for their daily bread.

Do not add unto their burden, Try to help them out instead. "In as much as you have done it Unto one of these, mine own"

But of course you've caught the idea Try it on your telephone.

Mrs. H. R. Kaiser and children, Winnifred and Ralph, returned Sunday from a three weeks visit at Ione.

Gee! That is nice fresh bread Yes, it is Butternut, the Bread Supreme. I get it at BUTLER'S Raspberries—\$2.00 a crate at Ayers ranch.

Mr. and Mrs. J. W. Harris closed the store for a few days the week of the Fourth and visited relatives in Goldendale Wn. Frank Creager carried the mail for W. J.

Are we busy? I'll say we are, Who? BUTLER'S.

During last year ten farmers in Wasco county entered their potato crops for certification and only two farmers were successful

in having their potatoes pass the three inspections. These men were Mr. P. J. Kirsch and Mr. Herring of Criterion.

These two gentlemen are fortunate in that their land is practically new, therefore free from the various potato diseases which are threatening the potato industry of Oregon and they are also fortunate that their potatoes are grown on dry land of sufficient elevation to make excellent seed. —Farm News.
