Devoted to the Interests of Southern Wasco County

VOL. X.

MAUPIN, SOUTHERN WASCO COUNTY, OREGON, THURSDAY, OCTOBER 25, 1923

NO. 3

## To Be Completed in 1924

Completion of The Dalles-California Highway, within the next twelve months is practically assured.

The State Highway commission probably will call for bids on the Dufur-Tygh Valley unit of the highway in December, this section hinging on Federal approval of the project without opposition.

Only 14.5 miles of the highway remain yet to be considered by the commission. This is the section between the southern end of the Maupin section and Cow Canyon.

## Local Legion Doings

Maupin Post 73 will meet every first and third Mondays during the fall and winter months.

On November 5th the Post wishes that all member attend as there will be something doing. Did you know the local Post is trying to land a gym? Be here on November 5th at 8 p. m. and hear about it. Also if you have a good idea bring it along.

## New Books Here

The books from the Wasco county library are once more at Shattuck Bros. store. Those in charge of the library earnestly ask that the people who borrow the books return them as soon as they have read them. In every collection of books there are a few that are more popular than others. If everybody will return their books promptly, it will give a greater number of people the opportunity to read these popular books, and at the same time increase the circulation of our library books at Maupin.

In the past few fines have been imposed when books have been slightly over-due, but let it be understood that henceforth a strict fine of two cents for every day over-due will be charged.

The library opens at 8:30 a. m. and closes at 5 p. m.

Please remember to return your books promptly so that your friends and neighbors may have the opportunity to read them.

## High School Notes

The Jeffs who were losers in getting subscriptions for the Country Gentleman magazine gave the Mutts a party last Friday evening in the assembly room. The students spent a very delightful evening playing games and dancing. The Mutts assuredly enjoyed the delicious eats which were furnished by Jeffs.

Last Thursday, Mrs. Lulu Crandall, Mr. Carlton and Supt. Gronewald visited the school in the morning. Mrs. Crandall gave a very interesting talk on local Wasco county and Oregon history. Mr. Carlton spoke on the preparation we should make in high school for the entrance of universities, which was very helpful to the students.

A short impromptu program will be given in the assembly Friday afternoon in honor of Francis E. Willard Day.

The assembly floor has been marked off for basket ball and the screen for the windows has arrived and will soon be put up.

## Dozen Shows at Pacific International

An exposition is a collection of shows, more or less related by nature. The Pacific International Live Stock Exposition, held at Portland, Or., Nov. 3-10, has drawn under its ample wings a dozen of them, and there is interest for everybody in some of them.

It has a beef cattle show of great size.

Its dairy cattle show is second to none anywhere in numbers and quality.

The sheep and goat show is regarded by experts as on a par with any like show in America.

The hog show has always been excellent, and this year will be bigger than ever.

The draft horse show is representative, with five breeds of heavy horses and jacks.

The Western Winter poultry and rabbit show attracts thousands of interested spectators.

The Western dairy products show is the least spectacular and one of the most important.

The boys' and girls' clubs make a show that is the outcome of work destined to make this country a better place to live in. Don't miss seeing the work they have done.

The Land Products show, with its fruits and vegetables, grains and grasses, county and other exhibits, is

one of the splendid features of the Exposition.

The latest show to come to the Pacific International is the fine Northwest Grain and Hay show, hitherto held in Pendleton. This is going to be a 1923 feature.

The Industrial Exhibits department affords a show that for beauty and value would be hard to surpass. This great department is filled with fairy-like booths, showing costly furs and other raiment, beautiful furniture, every convenience a housewife needs, machinery of every sort to save labor and increase profits. Everything has its demonstration for the public. The sense of sight and the sense of smell are both appealed to, for the flour and other food products companies are doing their best to show the merits of their goods.

The Night Horse show is one of the four great horse shows in the United States. It is brilliant, exciting and delightful. Horses are coming from the Eastern states this year to show their paces in the arena and struggle for the big prizes offered.

One kind of a show isn't at the Pacific International, and never will be—the gambling concessions and other questionable amusements that rob children and sometimes grown people and leave nothing but a bad taste. The Exposition does not need that kind of shows.
