Taking America Off Its Feet!

Overland Success is the Talk of the Country

Great strides ahead—conspicuous leadership—warm words of praise on the lips of people everywhere—all these things focus on one big, vital fact: Overland and Willys-Knight motor cars have the right stuff in them.

The year just ended has been the greatest of all the fifteen years of Willys-Overland history. A great year made by great cars—the greatest in looks, power, action, comfort—and money's worth!

Look at the new Overland Champion, for instance. It brings a quality closed car within reach of every purse. America's first all-purpose car—conceded to be the most useful motor car on wheels.

The price of the Champion—\$695—is a champion price. And even if the new Overland Champion did not have the many unique features that make it famous, it would still be a remarkable value at its price. It is the only quality closed car seating more than two passengers ever sold under \$700. Its greater value is typical of all the other Overland models.

The Champion and all Overland models have the bigger Overland engine—brute power with extreme economy. Leaders in economy—leaders on the road—leaders in the many satisfactions they bring to owners. See them. Sit in them. Ask for a sample of their performance.
