## N. J. Sinnott

Republican Candidate for Re-election to Congress

Voters of the Second Congressional District are urged to send "Nick" Sinnott back to congress because:

He is a member of the House Steering committee. He is chairman of the Public Lands committee, an important committee to Oregon. He is a member of the Irrigation committee, also of importance to Oregon.

He has done more for Eastern Oregon than any Congressman ever sent to Washington from this district. Numbered among his accomplishments are: Secured \$900,000 for the Baker Irrigation project, secured passage of the Mineral Leasing act, which enlarged Oregon's reclamation fund; secured appropriation for construction of McKay dam, Umatilla project; supported legislation for veterans of World war; secured \$7,500,000 for National park roads, including Crater Lake National park; \$150,000 to combat pine tree beetle in Oregon; through Forest Service is having large body of timber surveyed in Wasco, which, when sold, will bring industries to county.

And many other important matters which are of benefit to you and his district. Read your Voter's pamphlet and then form your opinion of Nick Sinnott.
