Water Ruling

The Maupin council have taken the responsibility for the present of cooperating with Mrs. W. H. Staats with regard to irrigation rules to the purpose that the water from Maupin springs may be so divided among the patrons that it will serve all. To this end the ruling has been made that every other day the district embraced in the part of Maupin below Deschutes avenue and west of 5th street may use the water for irrigation, and the territory above Deschutes avenue and east of 5th street may use the water for irrigation the intervening days. The hours decided upon are 5 to 9 morning and evening for each section. If anyone is not informed as to this location, townsite plats may be seen by applying at the Bank, Mrs. Staats or the Times office.

Rodney Cooper brought Mrs. Cooper and little Dorothy home Sunday evening from Dufur.

Commencement Tonight
