One nearly new advance Rumley separator, blower attachment 20 3/8, 125 ft. endless drive belt, long and short feed elevator spout.

Inquire Buskuhl Bros., Friend, Oregon.

To World War Veterans

World War Veterans of this part of Wasco county are notified that Maupin Post No. 73 American Legion of Maupin, Oregon, has been officially designated by the War and Navy Departments at Washington to assist in obtaining for veterans of this territory benefits due them under the Federal Adjusted Compensation, or Bonus Act.

This announcement was made today by M. F. Van Laanen, Commander Maupin Post. Mr. Van Laanen explained that the national organization of the Legion has made the Government a blanket offer of the services of every Legion post in this regard and that this offer has been accepted at Washington. The services rendered by the Legion are extended to all World War veterans and their dependents who are eligible to the benefits of the Adjusted Compensation Act, regardless of whether the veterans are members of the Legion or not. The Legion's services are offered without cost to the Government. Official bonus application application forms will be available at every Legion Post. Officers of the Post will explain to applicants how these forms are to be filled out and thus save veterans irritating experience.

Commander Van Laanen states that a supply of application blanks sufficient for all eligible veterans or dependents residing in this part of Wasco county will be available at Maupin Post,

Card of Thanks

We desire to thank the neighbors and friends for their deeds of kindness and sympathy and the floral offerings at the death and funeral of our brother.

Emil Hackler
Fred Hackler

Maupin, about July 15th. When the forms arrive a call will be published by this paper for a special bonus mass meeting at which every person eligible under the law is urged in his own interest to attend. For the protection of the veterans and the Government the requirements concerning the execution of these forms are very rigid, some twenty odd statements must be made on every form. These will be fully explained at the meeting. The forms may be filled out on the spot and forwarded to Washington without further delay.

TEACHERS' EXAMINATIONS

Notice is hereby given that the County School Superintendent of Wasco county, Oregon, will hold the regular examination of applicants for state Certificates at his office in the County Court House as follows: Commencing Wednesday, June 11th, 1924, at 9 o'clock a. m., and continuing until Saturday, June 14th, 1924, at 4 o'clock p. m. Programs may be had upon application to A. E. Gronewald, The Dalles, Oregon.

Times: \$1.50 a year.

U. S. EXPERTS LEAD WAR ON FOOT AND MOUTH DISEASE

This is Dr. U. G. Houck of the United States Bureau of Animal Industry, (left) who has been placed by Secretary Wallace in complete command of the fight being effectively waged on the foot and mouth disease outbreak in California, and G. H. Hecke, director Department of Agriculture, State of California, who is assisting Dr. Houck in quickly and permanently stamping out the epidemic.

SACRAMENTO, CALIF.—The full force of the United States government has been brought into play effectively against the foot and mouth disease in California. The disease has been confined to certain limited districts in the state and the work of stamping it out is proceeding rigorously under the direction of Dr. U. G. Houck, personal representative of Secretary Wallace, department of agriculture, who has complete control of the combined federal and state forces.

"Every method justified by our past experience and by scientific study is being used to prevent any possibility of spread of the disease and to wipe it out so thoroughly that there will be no chance of its recurrence," said Dr. Houck.

"There is no danger of spread of the disease through shipment of fruits, vegetables or dairy products from the great non-infected areas of California. We know of no instance where the disease has been carried by such shipments," Dr. Houck said.

Complete confidence in the men in the field was expressed by Dr. J. R. Mohler, chief of the bureau of animal industry, United States department of agriculture, in a message he has just sent to Dr. Houck and the local federal inspectors.

"We have in California," he said, "the best equipped force of inspectors that was ever assembled on a foot and mouth detail.

"Our methods are not experimental, but have been weighed in the balance of practical experience and have always produced the desired results."
