She is certainly entitled to all the attention and good treatment it is possible to bestow upon her. Make her lot a contented one.

Deer Increasing
San Francisco.—California has a population of 300,000 to 400,000 deer, according to estimates of the California fish and game commission and the United States forest service. In the national forest alone, chiefly in northern and central California, the deer are estimated to number 185,000. The deer are increasing despite the fact that hunters each year kill 20,000 bucks and mountain lions kill at least 30,000.

MEN YOU MAY MARRY
By E. R. PEYSER
Has a man like this proposed to you?
Symptoms: Looks like nothing at all—sort of drab, but he has a lovely voice; your sister-in-law says he's lovely with children, and his honeyed voice captures them and you. You can see how he makes a grade "A" salesman and how the selling textbooks meet their match in him. He often carries a book on salesmanship about him and tells you that you have the things that would make an ingratiating business woman.
IN FACT
He can even sell himself.
Prescription to brides:
Invest in anchors. He may want to sell your heirlooms. Have a buyer's manual about.
ABSORB THIS:
Staying solid is better than selling once.

Wheat Receipts Break Record
Portland, Or.—The amount of wheat received at Portland during the cereal year 1923-24, ending June 30, broke all previous records. During the 12 months 26,075 cars of wheat were received as against 17,180 for the previous year. Cars of wheat received during the year, if placed end to end, would make a solid train 197 1/2 miles long, reaching from Portland almost to Pendleton. These cars contained approximately 35,291,250 bushels of wheat.
For June, 1924, wheat receipts at Portland amounted to 1093 cars, nearly twice the number received in June last year, 514.

TWO POEMS

By DOUGLAS MALLOCH

I—SERVICE
THINK more of love, and less of laws,
Of what you do, and less of why;
Good is not good if done because
To follow rules is all you try.
I do not think that God above
Obedience as much admires
As deeds arising out of love
That no divine reward desires.

Man needs no law but his own heart.
A longing for the common good;
To walk together, not apart,
Is all there is of brotherhood.
Man needs no precept to be blest,
To serve his God no rule or plan;
For he will serve his God the best,
Who serves the best his fellow man.

II—THE SCORE
The man whose daily task and toll
Are counted but in gold,
Who loves his business for the spoil,
For profit what is sold,
Is like the "fan" who loves the more
The points that he can claim—
The man who only keeps the score
And never sees the game.

Reflections of a Bachelor Girl

By HELEN ROWLAND

IMITATORS are the "trained seals" of literature.
The Queen of Gamblers is a woman who has had two poor deals in the game of matrimony, and still calls for a third, with the luck running against her.

It takes a bride quite a while to learn the folly of being so cold, one moment, that she chokes all the enthusiasm out of her husband, and so clinging the next that she chokes the life out of him.

Girls are human flowers—but a confirmed bachelor often regards them as a beautiful species of poison ivy.
A critical or disapproving attitude on either side of marriage is a spiritual divorce which never can be patched up.

What a man calls his "judgment" is composed of one part reason and ninety-nine parts digestion.
Every man thinks that "woman's place is in the home," but that she is awfully lucky to have some man offer her one.

To "say it with flowers" at this profligate season, a man must need awfully to get it out of his system.

Has Anyone Laughed At You Because—
By ETHEL R. PEYSER
You use ink other than blue or black?
These folks wish they had the independence probably to depart from the conventional color and use green or violet ink. It is a relief to you to use these inks. And they flow or seem to flow better in the fountain pen. It simply shows you less conventional, delighting in color and achieving it every chance you can get. You have feelings for color—some folks have not. You have to pay always when you depart from convention. Here you must "put up" with laughter at your expense.

OIL MAGNATES ARE INDICTED

Unlawful Conspiracy in Leases Charged to Sinclair, Doheny and Fall.

Washington, D. C. — Four indictments charging Albert B. Fall, ex-secretary of the interior; Harry F. Sinclair, Edward L. Doheny and E. L. Doheny, Jr., with criminal action in connection with the leasing of naval oil reserves in Wyoming and California, were returned Monday in the District of Columbia supreme court. A special grand jury which has given weeks to consideration of the evidence levelled formal charges of felony against the four men, whose names have held the spotlight in the prolonged senate oil investigation and the civil litigation which followed. Fall and the two Dohenys, the first indictment charged, entered into and maintained an unlawful conspiracy from July 1, 1921, to December 11, 1922, to enable the Pan American Petroleum & Transport company and its subsidiary, the Pan-American Petroleum company, to obtain control of naval oil reservation No. 1 in California. Similarly the second indictment said Fall and Sinclair conspired unlawfully between December 31, 1921, and April 7, 1922, to give the Mammoth Oil company, a Sinclair corporation, control of the Teapot dome reserve in Wyoming. The third indictment charged Fall singly with accepting a bribe of \$100,000 from the Dohenys, to influence his action in the California lease, and accompanying negotiations concerning storage and exchange of naval oil, while the fourth, reversing the same charge, held the Dohenys up for prosecution. Much of the evidence and many of the implications dragged to light during the long senate inquiry into the naval reserve leasing were repeated Monday in formal legal language in which the court presentments of the grand jury were couched. There was also indication that other accusatory matter had gone before the grand jury, and the conspiracy indictments also recited that "persons unknown" had consorted with the four principals in the activities brought under ban.

Fall, in both the conspiracy charges, was accused of having sought to prevent the government from obtaining competitive bids for exploiting the naval reserves, and of having made false representations and statements to prevent the appearance of competitors against the Sinclair and Doheny companies. This resulted in great loss to the government, the two indictments said, and unjust profits to the successful lessees.

As an overt act in furtherance of the conspiracy charged, the indictment said, Fall on July 8, 1921, sent to Doheny a letter declaring the interior department was now in control of the naval reserves to the exclusion of the navy department. The letter, which was never before made public, recited for Doheny's benefit a letter which the then secretary said he had just sent to President Harding.

"There will be no possibility of any further conflict with navy officials and this department," Fall said to Doheny, "as I have notified Secretary Denby that I should conduct the matter of the naval leases under direction of the president, without calling any of his force in consultation. . . . He understands the situation and that I shall handle matters exactly as I think best and will not consult with any officials of any bureau in his department, but only with himself, and such consultation will be confined strictly and entirely to matters of general policy."

A MAN WHO BECAME FAMOUS

Doctor R. V. Pierce, whose picture appears above, was not only a successful physician but also a profound student of the medicinal qualities of Nature's remedies, roots and herbs, and by close observation of the methods used by the Indians, he discovered their great remedial qualities, especially for weaknesses of women, and after careful preparation succeeded in giving to the world a remedy which has been used by women with the best results for half a century. Dr. Pierce's Favorite Prescription is still in great demand, and many other so-called "cure-alls" have come and gone. The reason for phenomenal success is because of its absolute purity, and Dr. Pierce's high standing as an honored citizen of Buffalo is a guarantee of all that is claimed for the Favorite Prescription as a regulator for the ills peculiar to women.
