## Rights Affirmed

Salem, July 25 (U. P.)-- Right of irrigation interests on the upper Hood river are prior and superior to those of the Pacific Power and Light company, according to the opinion handed down by the supreme court here today.

The opinion affirms the circuit court decree which upheld the

claims of the irrigationists. The majority opinion was by Justice Bean with McBride, Rand and Cossow concurring. The dissenting opinion was by McCourt with Burnett and Brown concurring.

The position of the majority is based on the contention of the state water code of 1909 which abrogated the rights of the riparian ownership. The majority contended that neither court nor

## No Car Like It!

42 horsepower! 50 miles and more an hour—hour after hour—without overheating—without loss of power—without engine repair—without carbon cleaning!

And at the end of a long sustained high speed, your motor will be cooler, will need less water than any similar sized poppet-valve engine;—will need no repair, no tinkering with unseated valves.

This engine's power curve keeps climbing up while the power of a poppet-valve car is dropping off. Furthermore, the Willys-Knight is entirely free from those engine repairs which make up 50% of the upkeep cost of practically all poppet-valve cars. It has no cams—no springs—to get out of order. A car you can keep season after season. Take a ride today.
