HOW TIMES CHANGE

Already the "feel of Christmas" is getting in the air, and each day now will find it growing stronger. Even though it may not hold the joy for some of our older citizens that it held in the days of their youth, we are safe in saying that not one man or woman in Maupin would vote to abolish it.

We like to think back to Christmas seasons gone by, and especially to compare the customs of celebrating it then with the customs of the present day. Time was when it was not considered good form for a young man to give his best girl articles of wearing apparel. It indicated that her people were neglecting to clothe her. His gift had to be an album, a toilet set or something along that line. Today, Christmas giving is on a more sensible basis, and gifts of service, gifts the recipient can get some good out of, are the most appropriate. Today, too, people buy more for the home than formerly. An odd chair, a new rug, dish or silverware, labor-saving devices for the house and even new-fangled cooking utensils are favorite gifts now instead of pictures and gew-gaws that did not possess comfort or lighten the household burdens.

Give a woman something serviceable to wear or something she can use in her home and you are gladdening her heart. Give a man something for his auto, or something he can wear besides neckties, and you will win his thanks. Human nature hasn't changed, even if Christmas has.

FOR WIDER ROADS

The state of Texas is anxious to set the world an example in road building and proposes to make her highways, wherever possible, 100 feet wide, and to construct all new roads that width. Don't smile at that Mr. Maupin man, even though it sounds like an impossibility. At the present rate there will be 50,000,000 autos in this country in 1975, just fifty years from now. Figuring that by 1975 one-half of the population will be women and children and the other half men, it will just about average one automobile for every man in the United States. And with every man owning and driving a car can you imagine how roads like we have today are go-

ing to accommodate them? Don't laugh at the Lone Star state—she is setting a fine example. The fact is you may not have to live 50 years to find that roads 100 feet wide are inadequate to take care of traffic demands.

The average Maupin wife has a lot of worries, but she doesn't have to worry about burglars getting in and stealing all the jewelry her husband has given her on her birthday anniversaries.

Bob Stanfield is strengthening his fences by trying to get federal buildings for southern Oregon towns. Maupin is growing, Bob, so you had better keep an eye on us and lay plans for the future.

The modern boy and girl are on an equal footing. The girl knows as much about cooking as her brother does about the soil.

The "crime wave" in Portland may, in a large part, be attributed to a laxity in parental discipline in early years.

WAPINITIA NEWS

Forest Ranger Joe Graham left Sunday for Three Sisters, where he will spend a few days with his father.

The school pupils and teachers have prepared a Christmas program, which will be rendered at the school the day before Christmas.

Ray Murry and wife, the latter a daughter of Mr. and Mrs. Sinclair, come from Cherryville and visited Mrs. Murry's parents a few days.

Sheriff Christman, Dr. Lowe and Miss Howell were here from The Dalles Monday on business. Ray Woodside attended the dance at Maupin Saturday night.

The Baazer held recently at the church was a success, a goodly sum being realized from sale of articles made by the ladies. \$52.35 was taken in from such sale and \$20.50 from supper. The total of nearly \$75.00 will be applied to the church fund.

Aside from the above small contributions made the grand total \$75.00. The candy booths took in \$417.88, this going to the Near East relief fund. A fine program was a feature of the evening. A number from Maupin attended.

NEWS OF PINE GROVE

Woodsheds at the Pine Grove and Oak Grove schools have been completed.

Carl Hasler and Miss Laura Davis were married at The Dalles recently. The charivari and dance in honor of the event, held on the 8th instant, were well attended and greatly enjoyed.

T. W. Linn, who has been ill for the past two weeks, is recovering. Dr. Elwood of Maupin visited him twice during his illness.

Messrs. Moss, Beyne and Heiney, irrigation engineers from Portland, were at Pine Grove Sunday morning looking over the project.

Joe Graham and John Sinclair passed through Pine Grove Sunday morning. They report the snow in the mountains melting fast.

N. G. Hedin went to the mountains Monday for the purpose of turning water into the main ditch. The water supply here is getting quite low.

Charles Cox and family visited at the George Claymeir home Sunday.

An eight-pound boy was born on Thursday last to Mr. and Mrs. Samuel L. Appling of Bend.

SMOCK AND VICINITY

J. S. Hooley purchased a new Ottawa saw.

Leslie Woodcock is out of school on account of illness. Miss Ethel Ledford, who went to Yakima some months ago, returned last week.

J. W. Farlow returned to The Dalles after spending a few days at his ranch.

Mrs. E. H. Disbrow with Edw. and Vina visited her sister at Hood River and her daughter, Mrs. Wm. Morrison, at Longview, returning after a week's absence.

We are happy to think the County commissioners will allow a market road from Tygh to Smock. They went over the route with the county surveyors last week.

S. G. Ledford motored to Tygh Sunday afternoon, taking Elsie back to school.

Mr. and Mrs. Cecil Mayfield spent Sunday with Mr. and Mrs. Edmonds at Wamic.

Two weeks ago R. Ruffer went after his cattle in pasture on Upper Trout creek. He returned Saturday with only part of his flock, having sold the remainder.
